ENERGIE WENDE OBERLAND

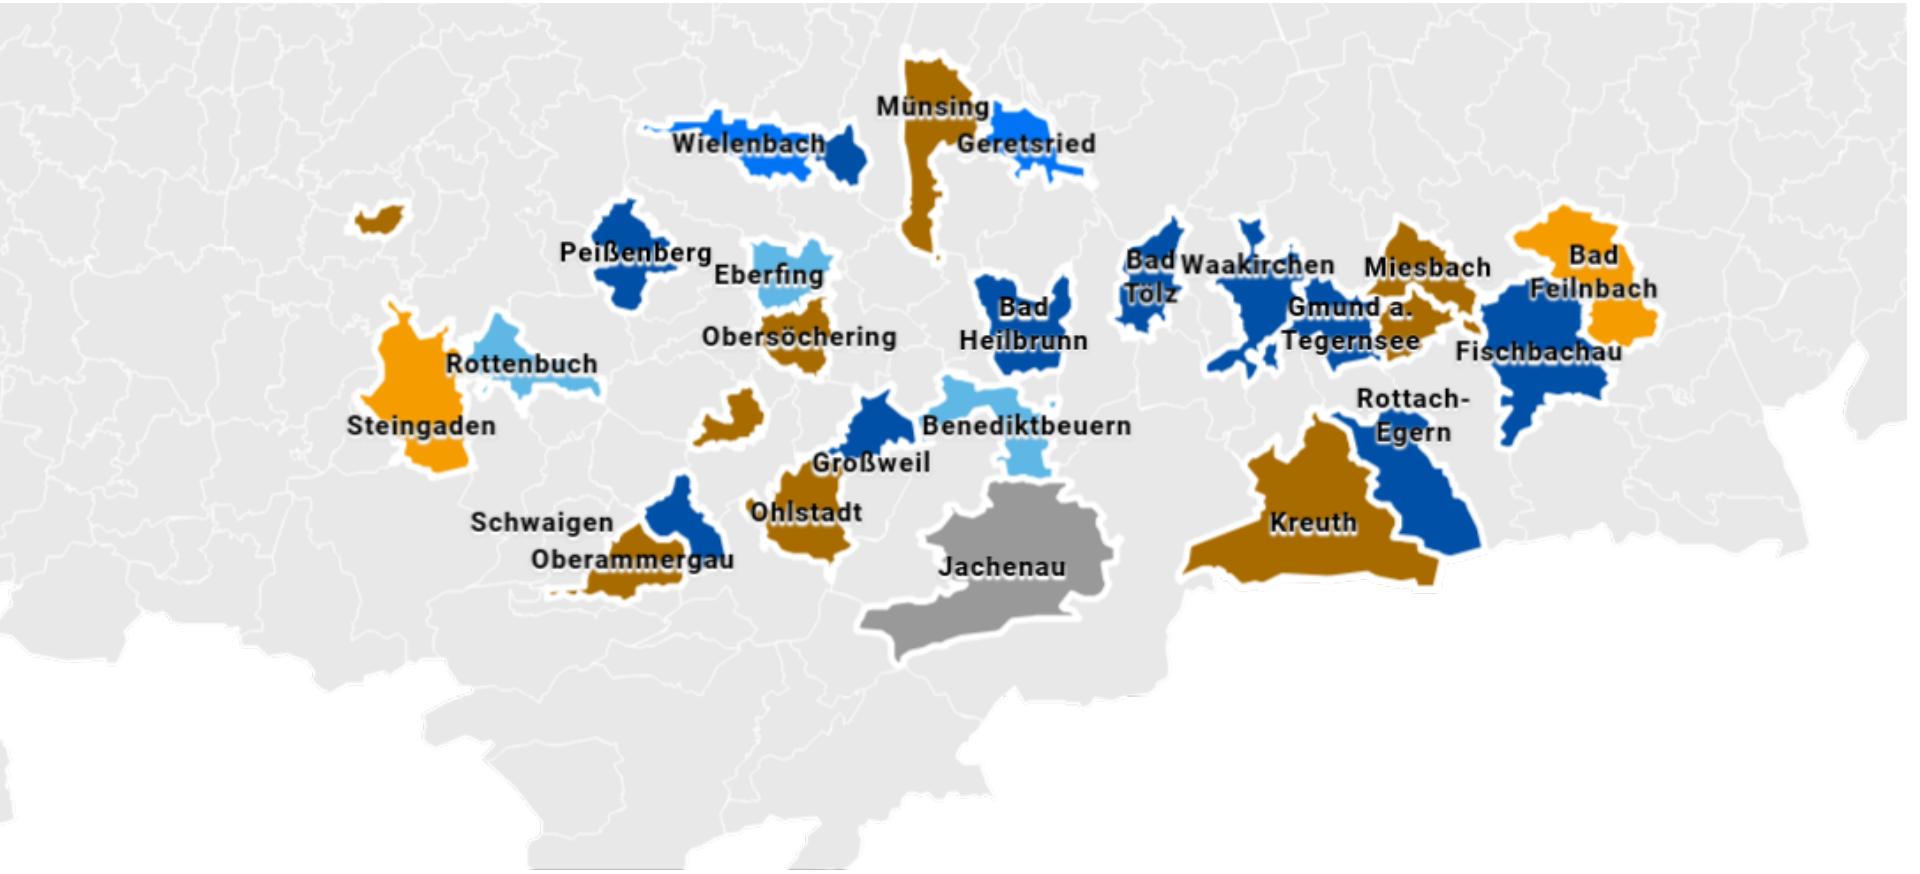
Bürgerstiftung für Erneuerbare Energien und Energieeinsparung

Sustainable Energy Action Plan development

Stefan Drexlmeier | Energiewende Oberland

28.04.21

Energy planning in municipalities



(Teil-)Energienutzungsplan · Energiecoaching · Energiekonzept · Energienutzungsplan · Quartierskonzept · Umsetzungsbegleitung Energiekonzept

Let‘s create a button that solves it all…

It‘s all about humans and their interests, their needs, networks, skills, stories, visions...

Brunch with local chimney sweepers / installers

Energy Planning already initiates first implementation plans

Early integrating key stakeholders

Presentation of „preliminary results“ in front of landowners of potential solar energy fields

Early integrating key stakeholders

Finding out stories, failed projects, preferences etc.

Deciding on the same numbers…
