

Cycling excursion

Bicycle policy of Leuven

10.10.2018

1. Cycle network - *layered approach*
 - A. Cycle highways
 - B. 'Doorfietsroutes'
 - C. Local network
2. Bicycleparkings

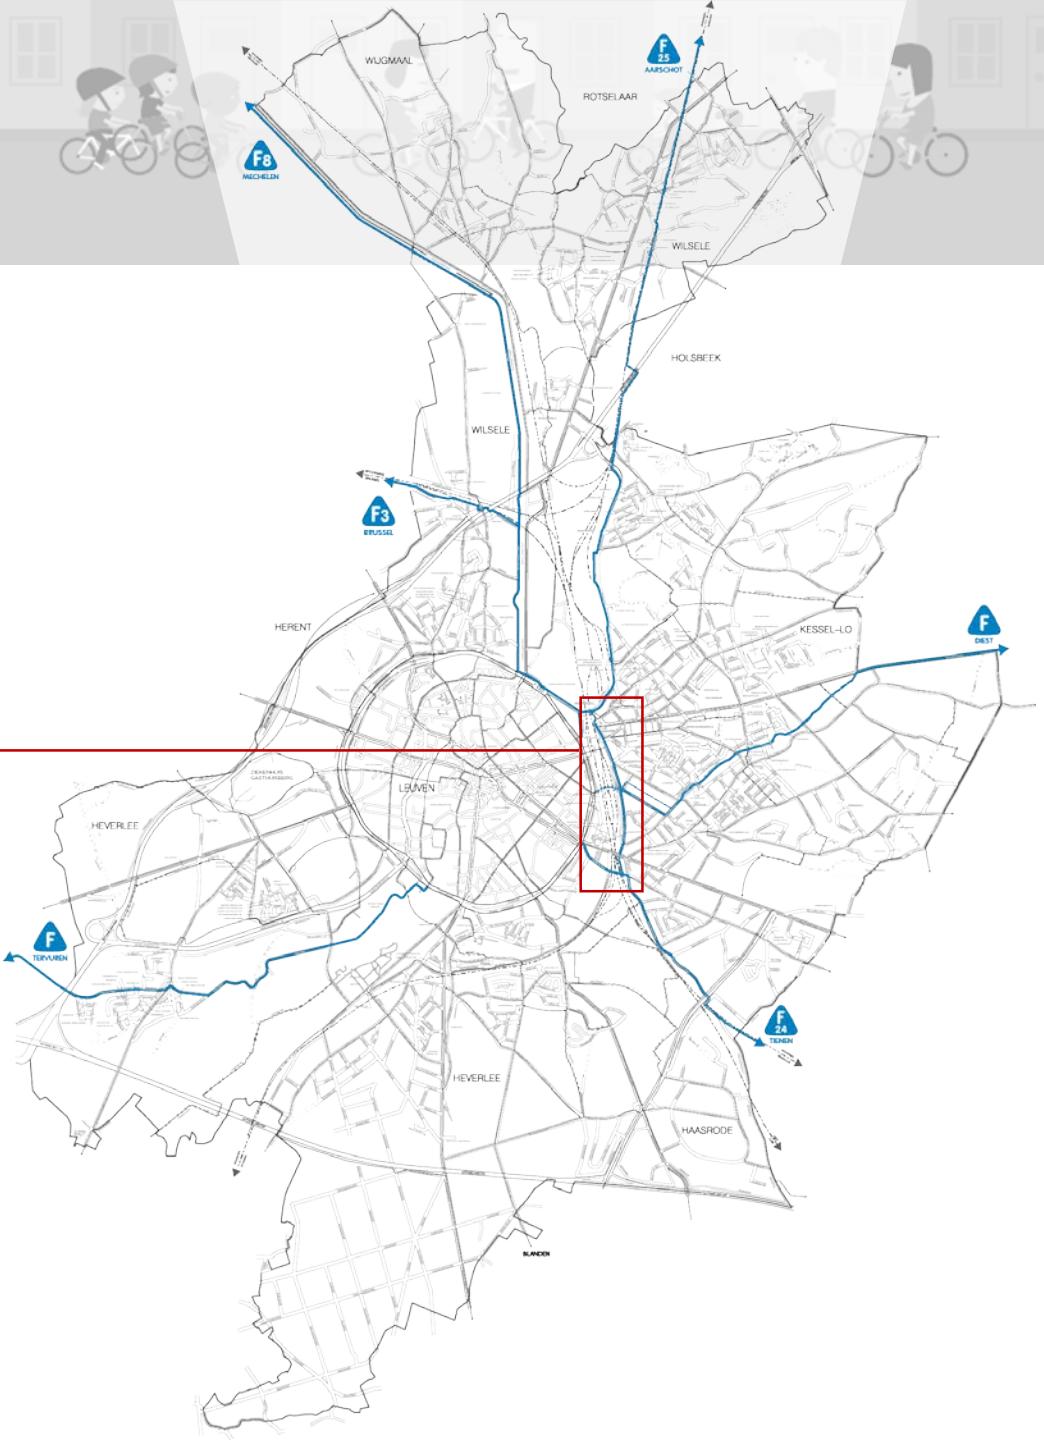

Cycle network

Cycle Highways

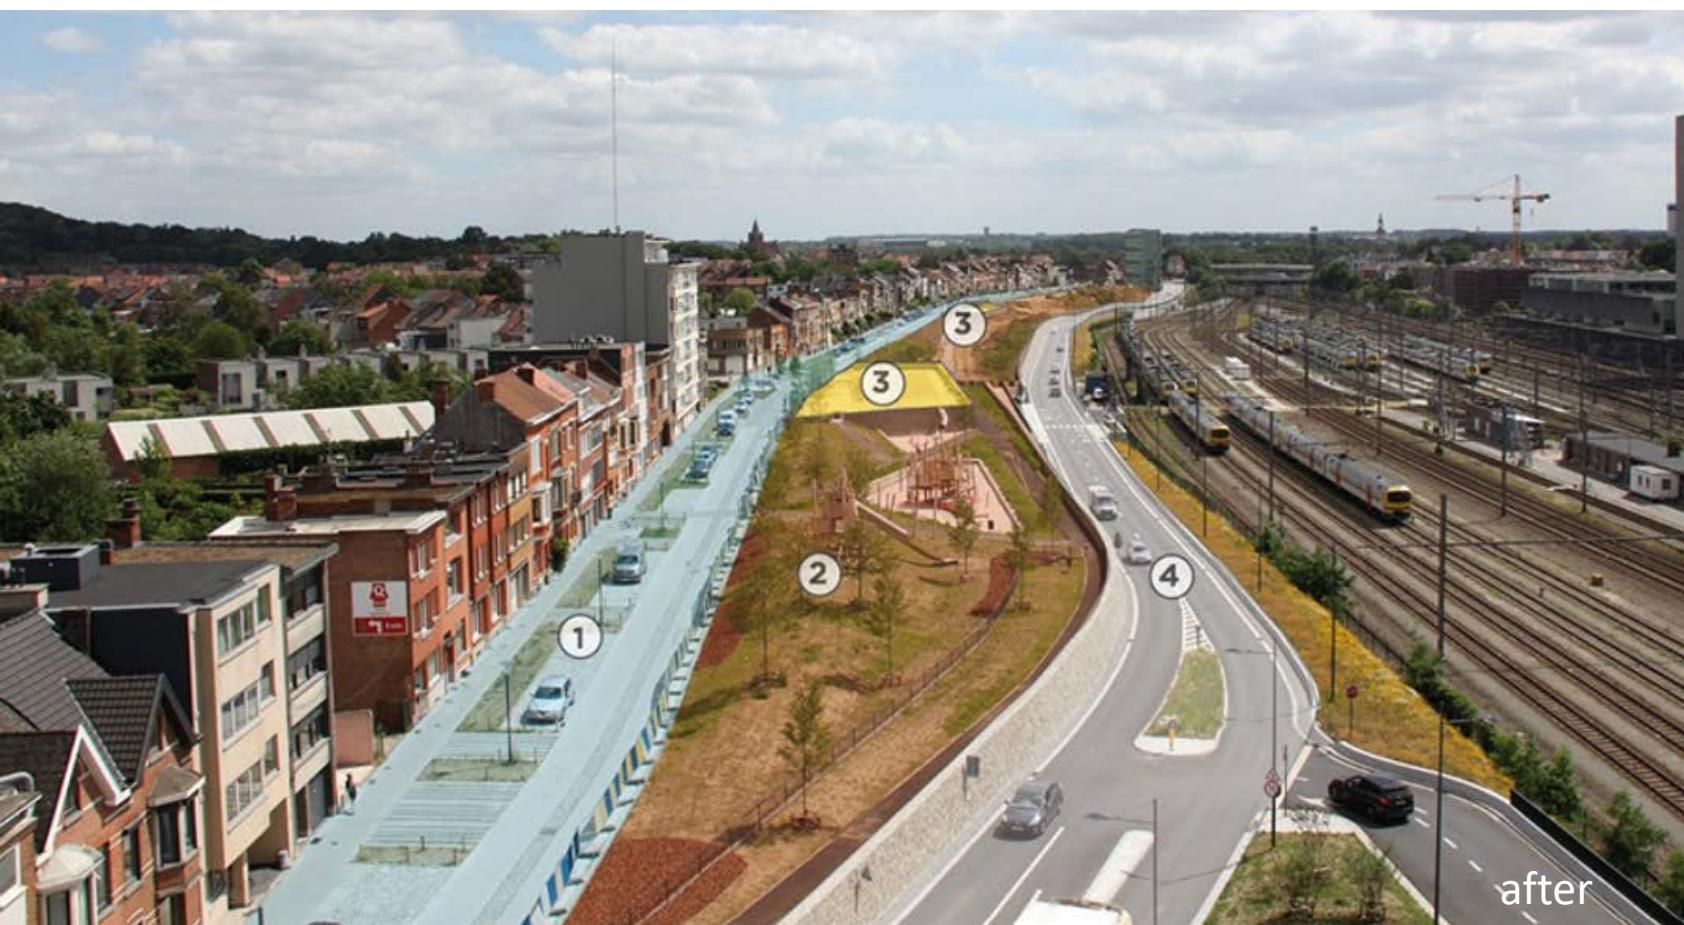

Martelarenlaan – ‘cycle street’

-
- > Link between F3 – F8 – F25 – F24 - Fdiest
 - City development and bicycle infrastructure

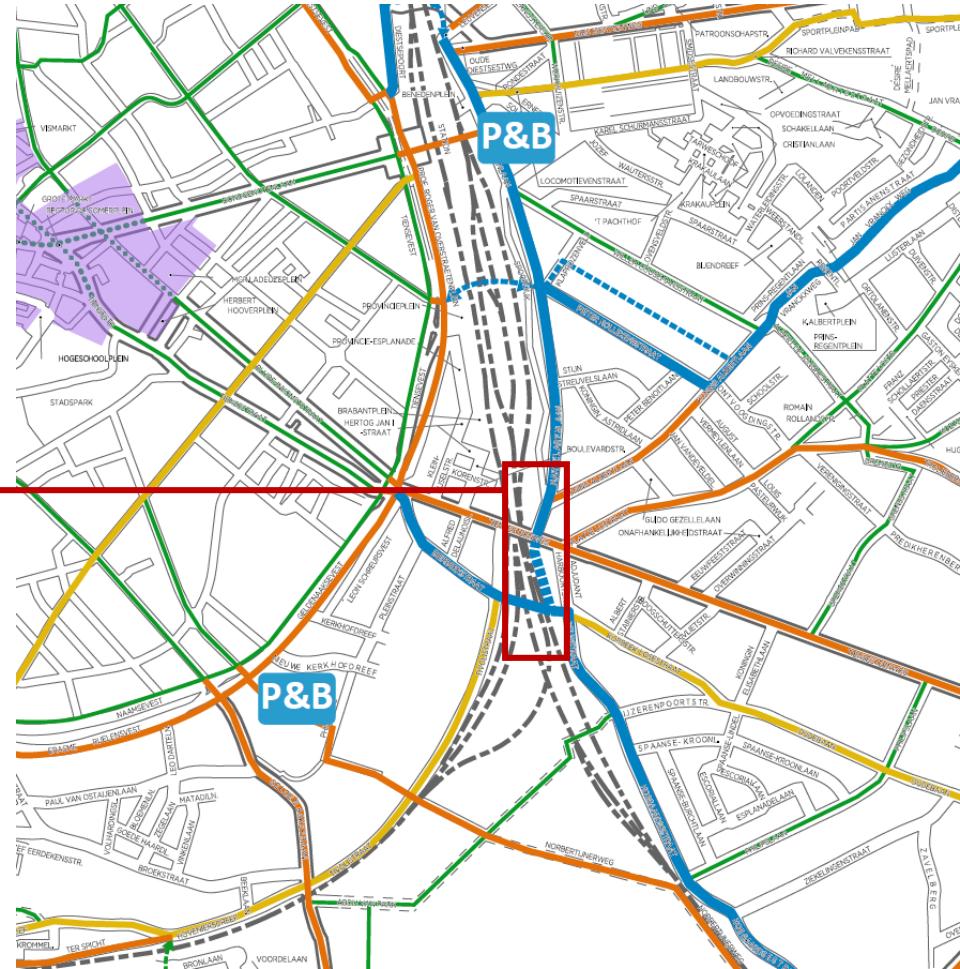

Cycle network

Cycle network

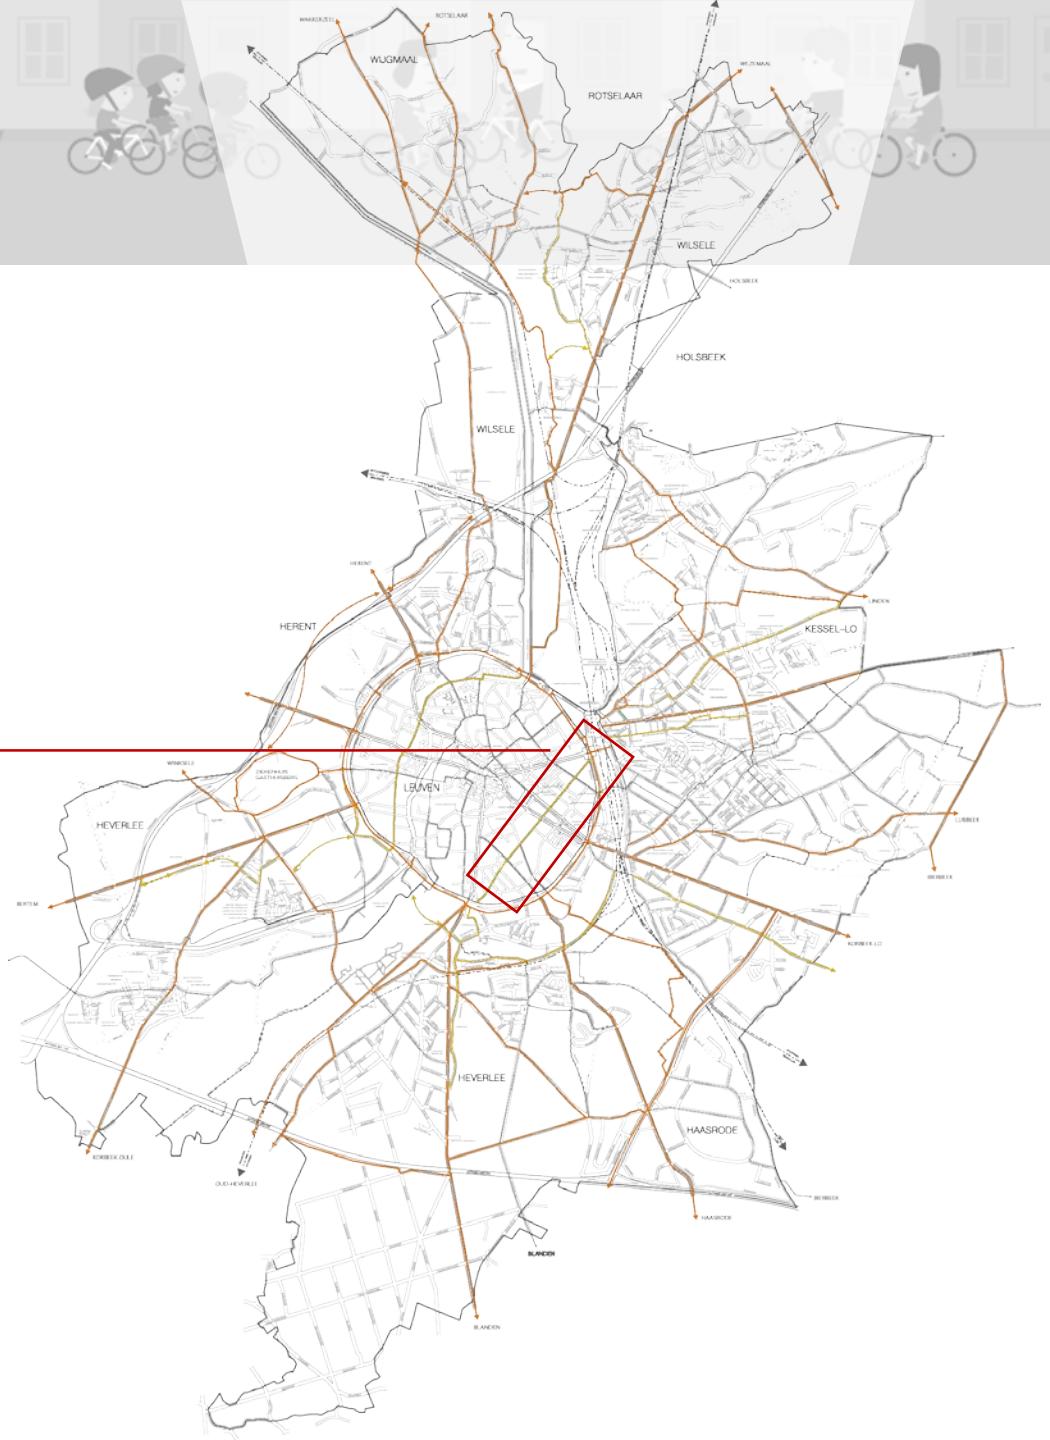

Cycle network

'Doorfietsroutes'

Maria Theresiastraat – alternative route

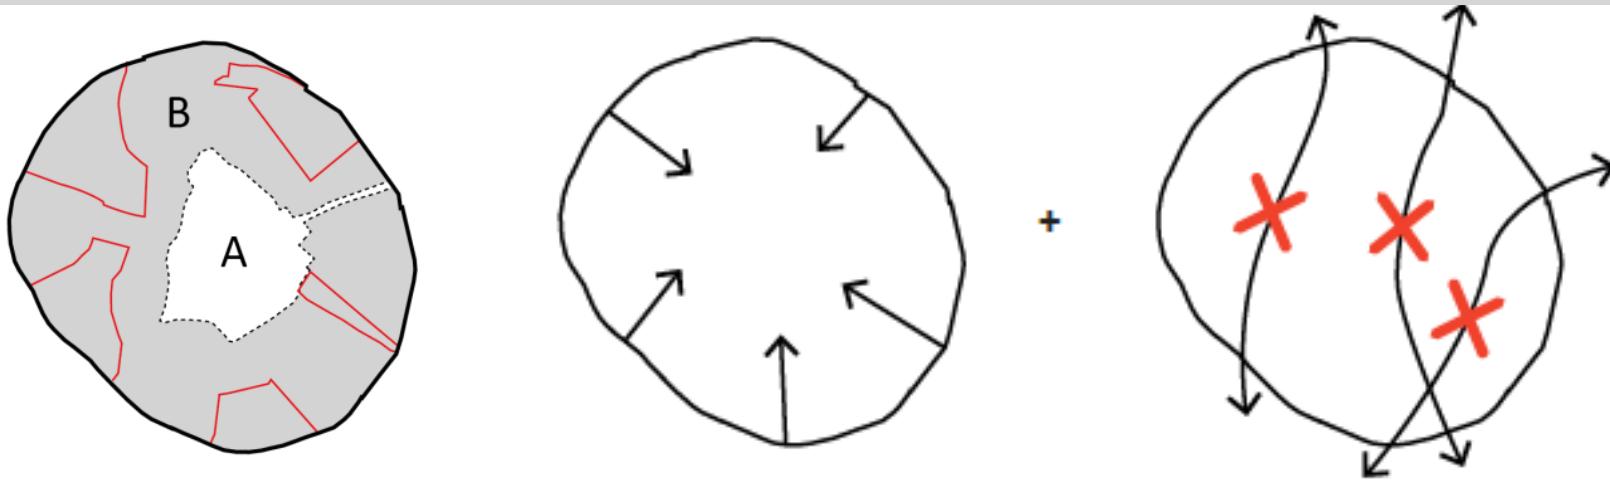

> Circulation plan made it possible to create more space for cyclists

Cycle network

'Doorfietsroutes'

2016 > introduction of circulation plan for city centre:

- Introduction of a low-traffic zone in the medieval center
- Ring road has to take more his role as a collector and distributor of traffic
- No shortcuts through the city center

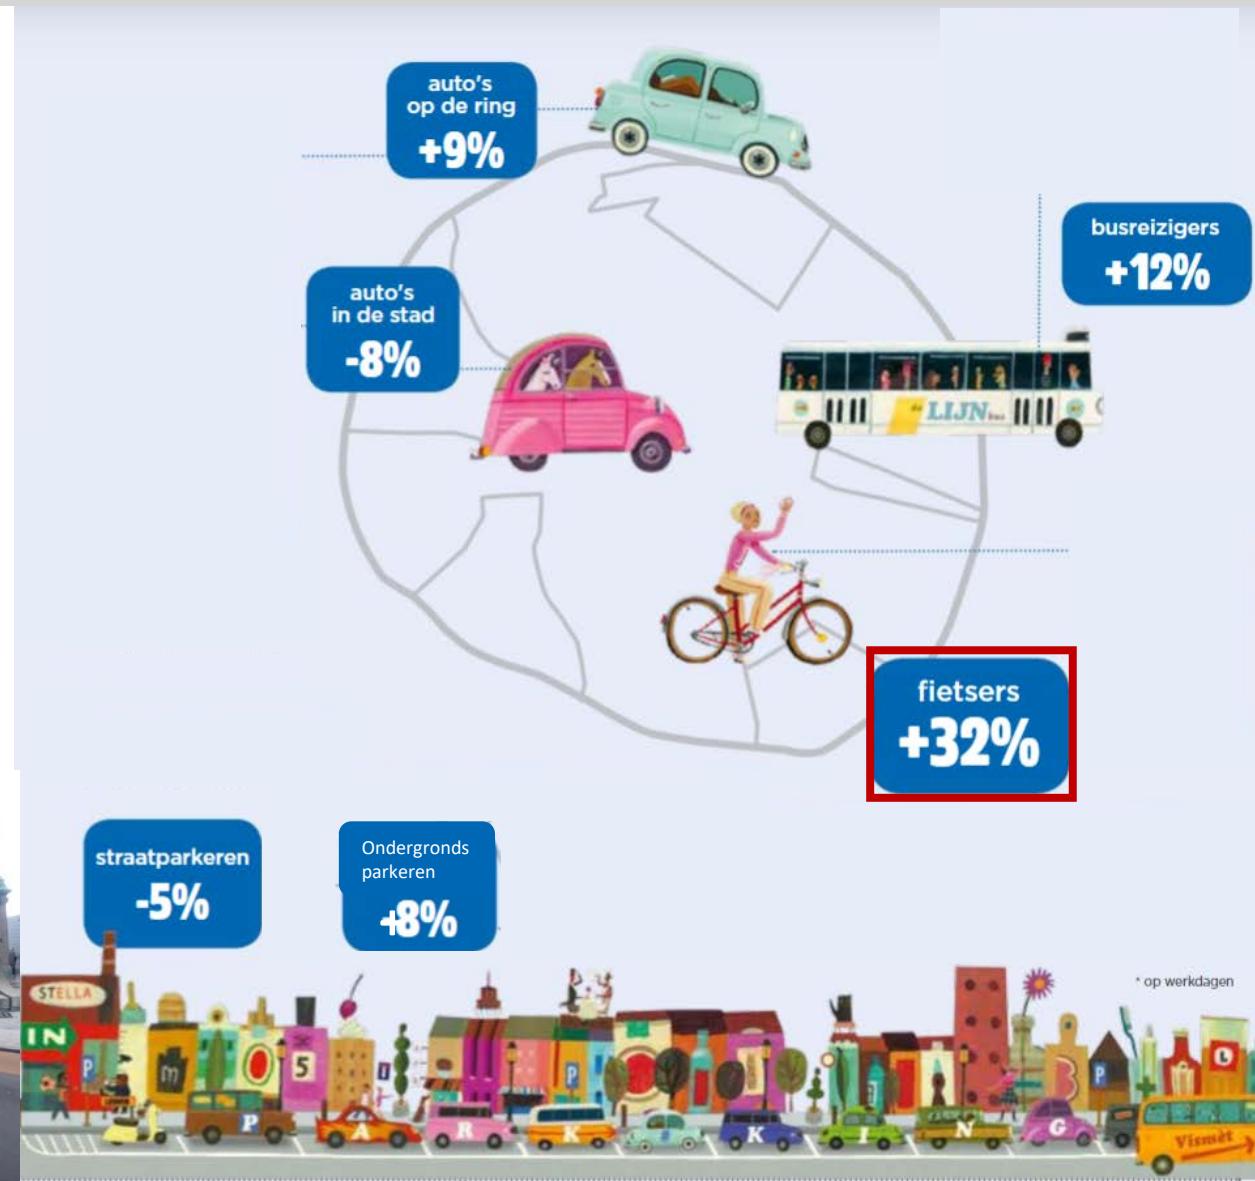

Cycle network

'Doorfietsroutes'

Circulation plan:

Evaluation after 1 year

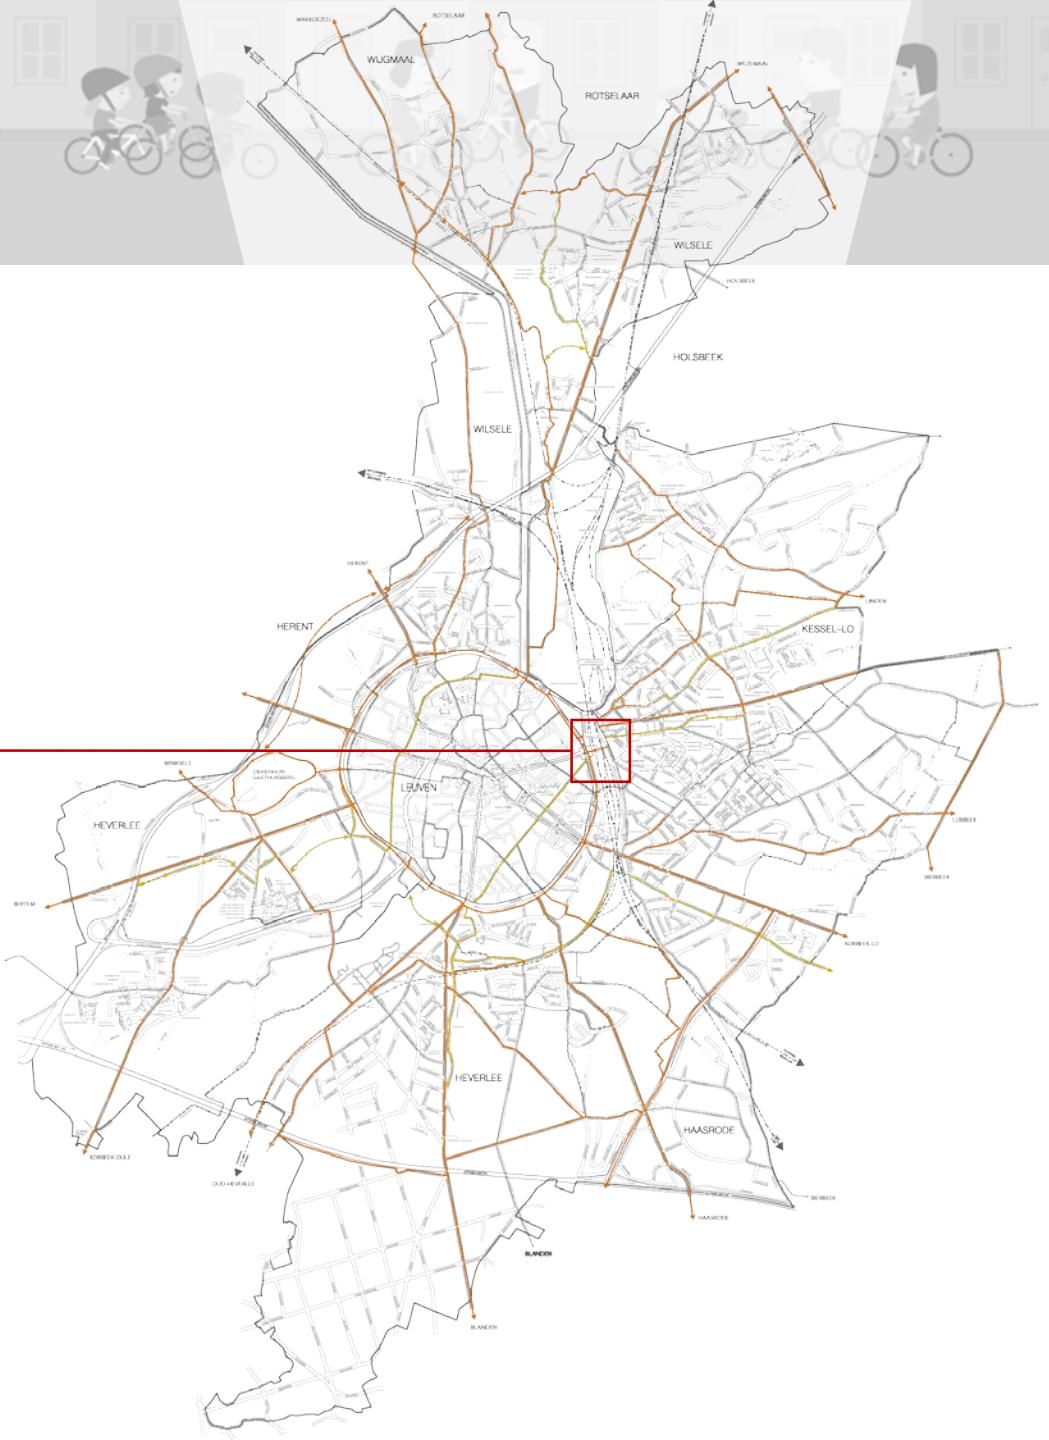

Cycle network

'Doorfietsroutes'

'Cyclespiral'

> Connection between Kessel-Lo en Leuven

Cycle network

'Doorfietsroutes'

Railway infrastructure

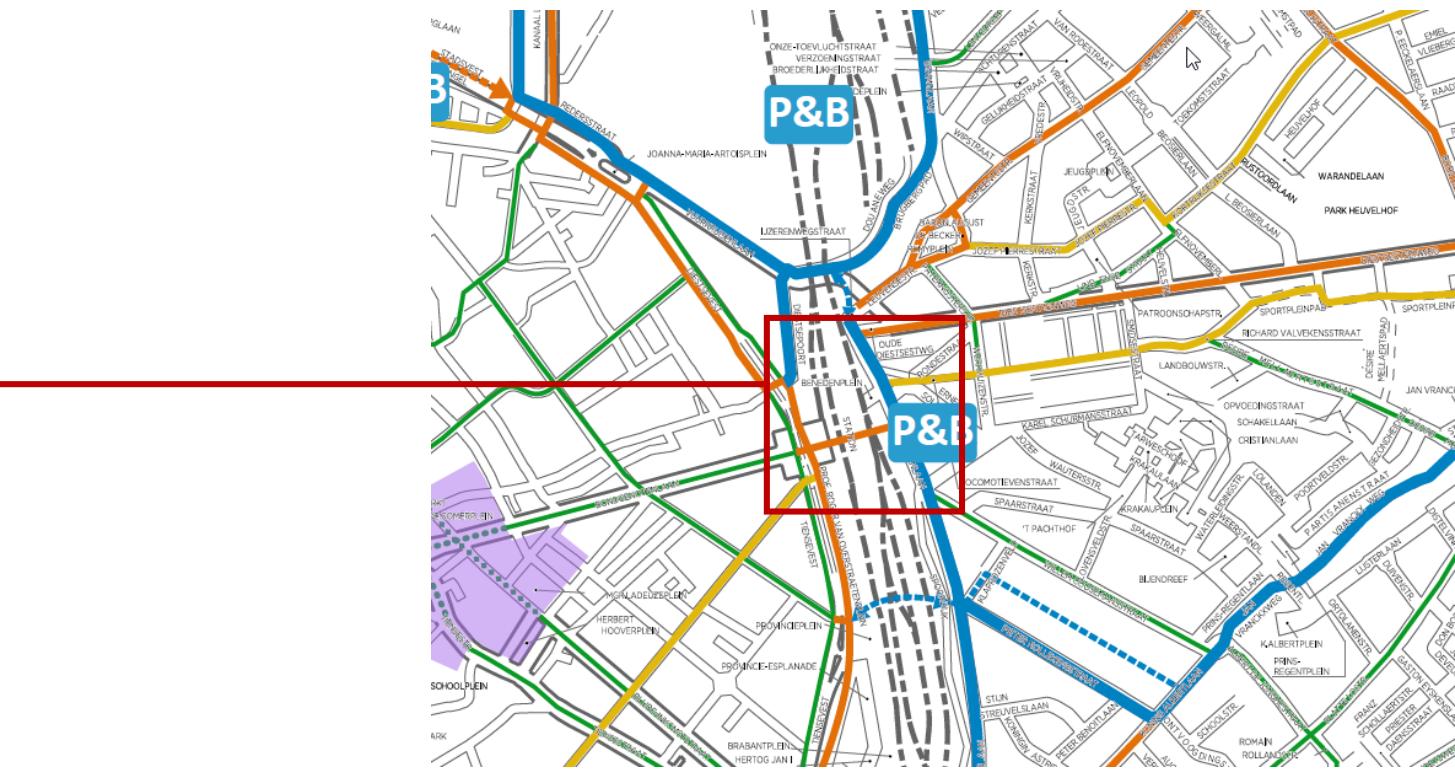

> No good connection between Kessel-Lo
and Leuven

Cycle network

'Doorfietsroutes'

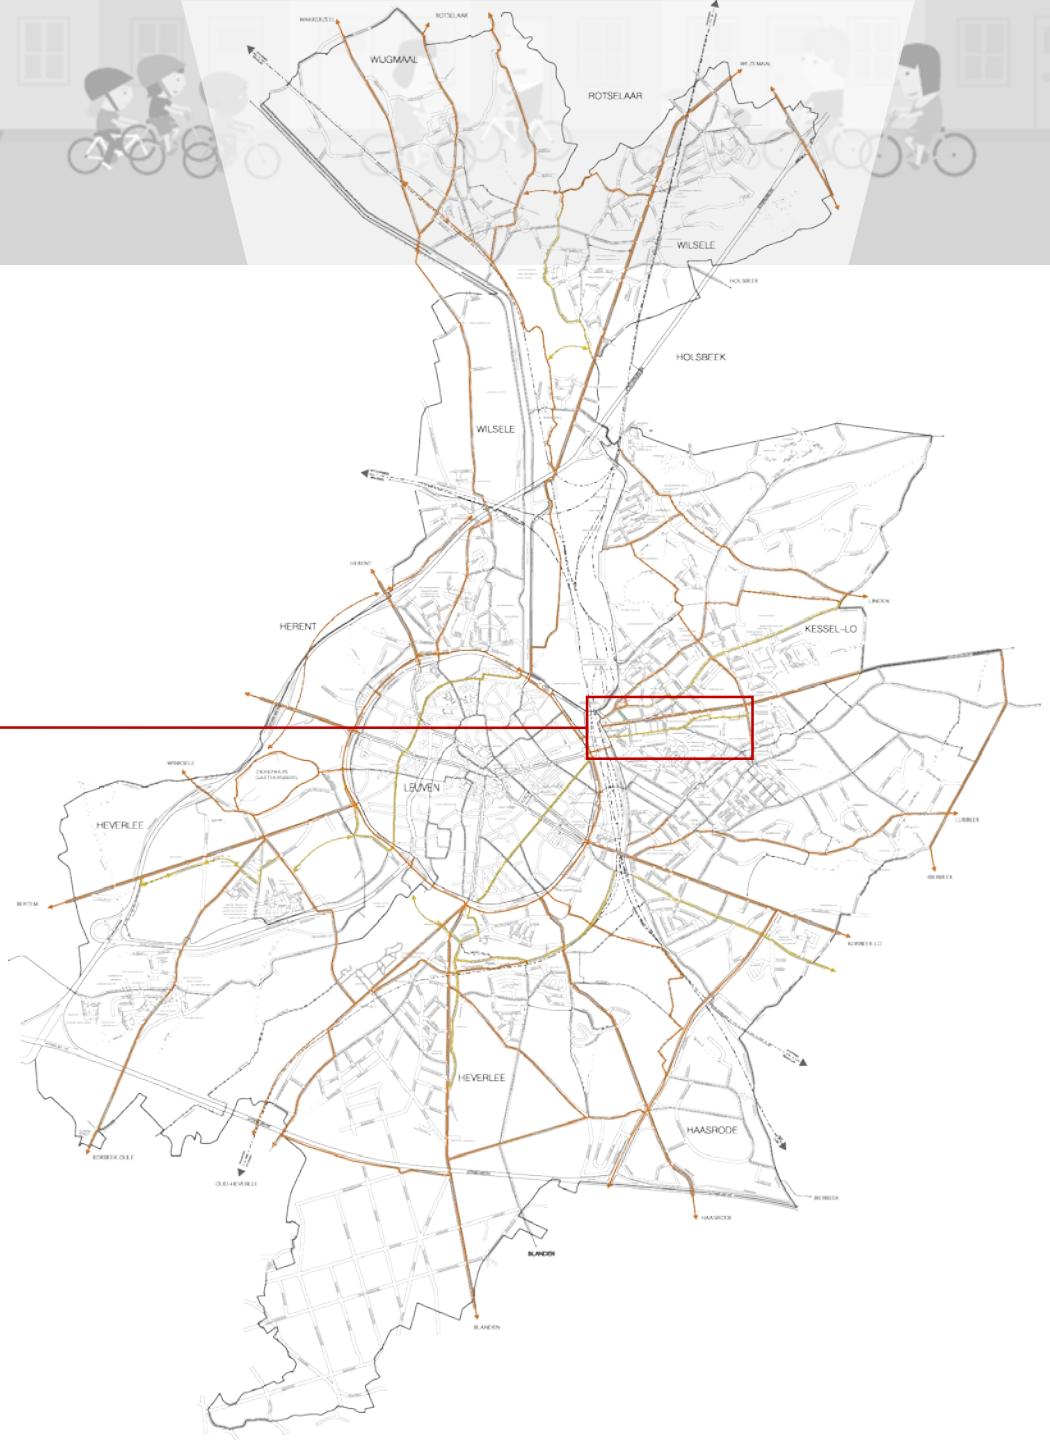

Cycle network

'Doorfietsroutes'

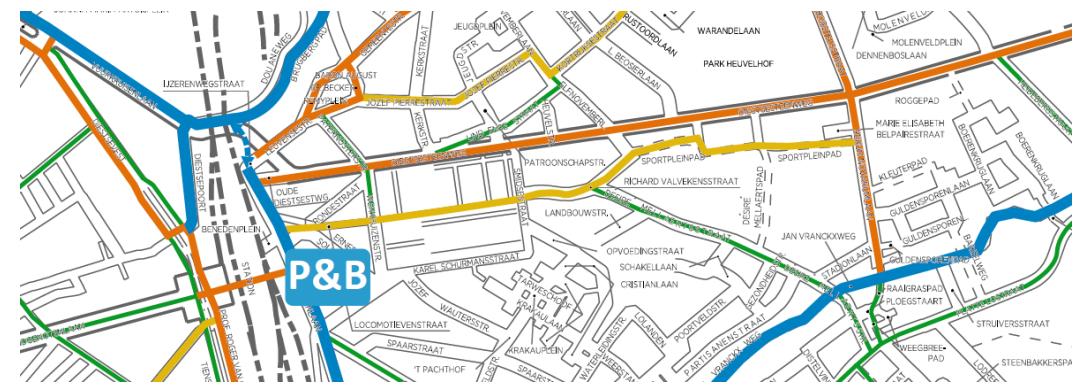

Locomotievenpad

- > City development and bicycle infrastructure
- > Alternative for Diestsesteenweg – 'quiet road'

‘Doorfietsroutes’

Bicycleparkings

Rector de Somer bicycleparking

- In the city centre
- Lockers, toilet, bicycle-repair, stroller rental service

Bicycleparkings

On-street parking

> Circulation plan: more space

Bicycleparkings

Fietscentrale

> Bicycle parking management
