C Urban project, using sediment and deconstruction waste for urban furniture

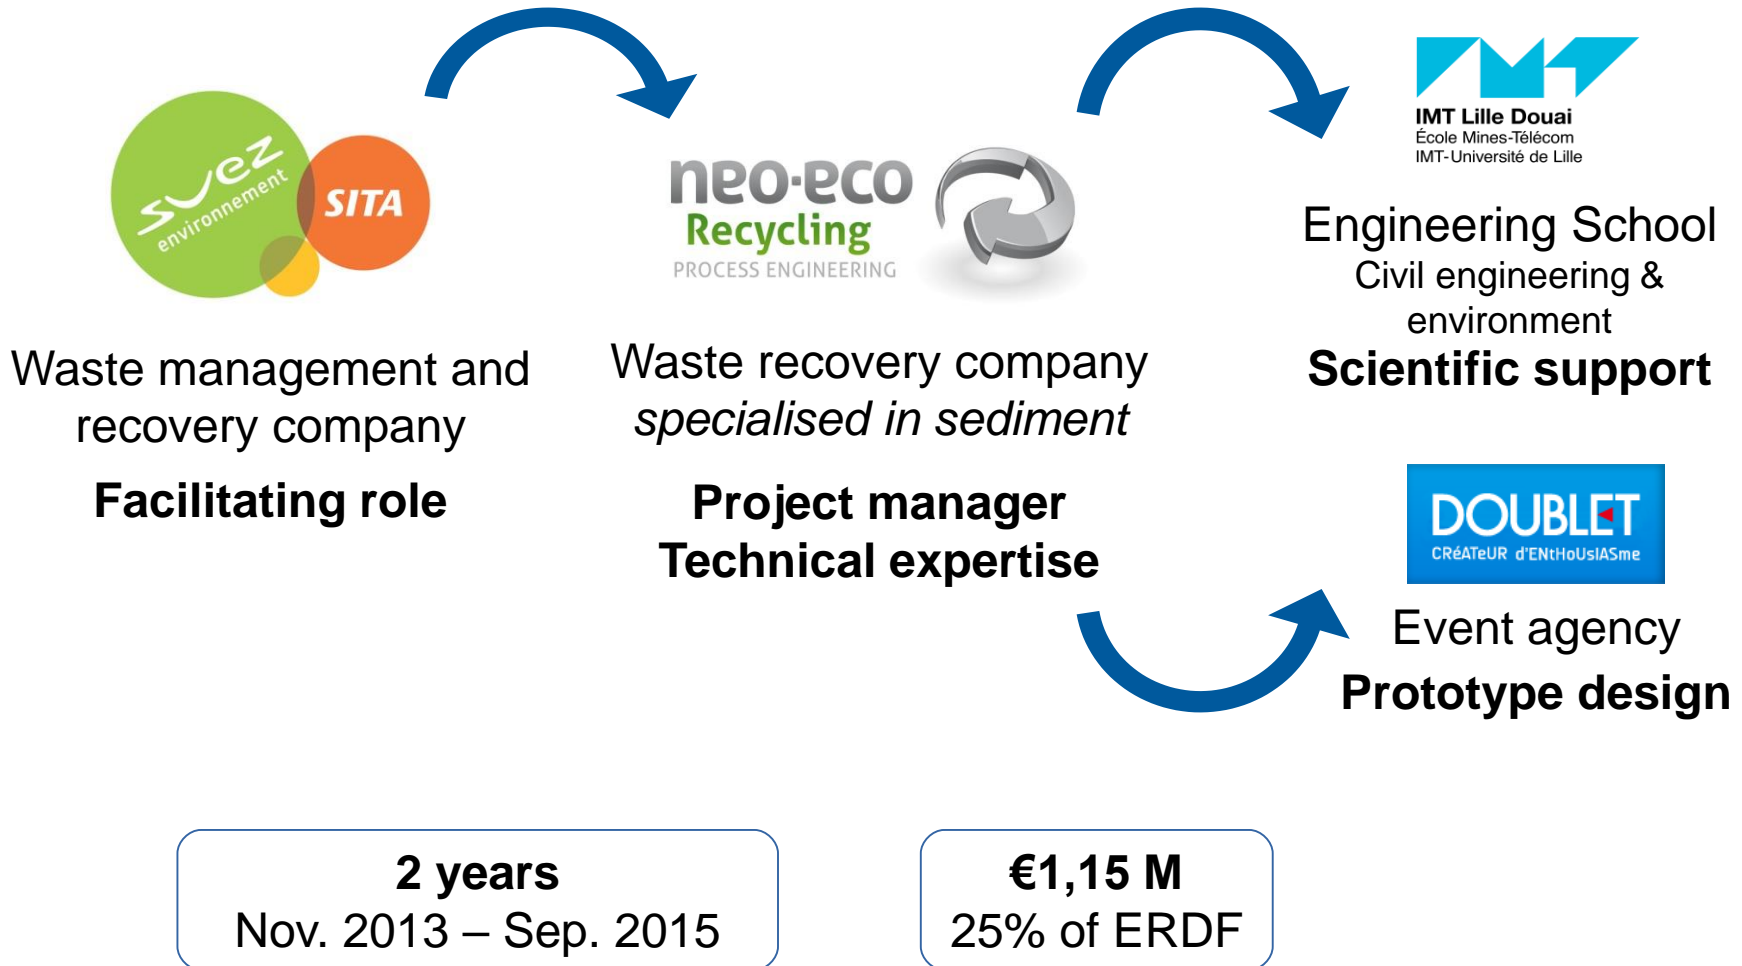

³
260 000 m /an

145 000 t/an

12 millions t/an

Who was involved ?

On-going projects using sediment for civil engineering

Reservoir roadway

Self-compacting slurry

How advanced are these projects ?

2018

Identification of
the sites

3 sites

500 tons
of sediment

2019

Experimental
phase

2020

Pilot project

Total: €1,9 M

2021

Socio-economic
analysis

For the moment, the experimental phase is going well
and the hydrocels results are rather satisfying

Thank you !
