Minutes

The ICI project partner responsible welcomed the stakeholders to the meetings addressing 2 big questions after the presentation of HoCare project status and results of completed semester 4. The stakeholders were acknowledged about HoCare National Policy Learning Event, about the Country Action Plan development by each HoCare country team, about the project meetings and steering committees decision on current phase, about the preparation for the phase 2, containing activities about the monitoring the Action Plan implementation. It was presented also the financial status of the project in phase 1, the plan for phase 2 and were discussed on the possible support for ICI team in next phase, for the Action Plan implementation.

The opportunity offered by Competitiveness Operational Programme Axis 1 was summarised based on public information provided by COP website as regards the new calls to be launched till the end of June 2018 for Axis 1 and Axis 2. The good practices presented are potential source of inspiration for projects for stakeholders under the frame of the next calls of the same programs.

By presenting the Action Plan, the stakeholders agreed that by establishing a quadruple helix at the regional level activated and with stable members it could be a good framework for accessing funds for projects in the field of health and home care aiming the elders and silver economy.

The present stakeholders agreed to continue interacting with HoCare Team and participate as experts during the phase 2 of the project.
