## THE TITTAN PROJECT HAPPY FIRST BIRTHDAY!

TITTAN Project has celebrated its first year, looking for the improvement of the quality of health systems through innovative products and services in the field of active and healthy ageing with the exchange and implementation of good practices among different European regions involved.

After the Kick-off meeting, which took place in Amsterdam last May, with the objective to launch, coordinate and plan the project activities, each region worked during the first semester on the development of a Regional Assessment Plan as the base for exchange of best practices between the different areas. So, 60 good practices were identified in total, 17 good practices related to the Thematic Area 1 (INSIDE-OUT INNOVATION), 20 good practices related to the Thematic Area 2 (OUTSIDE-IN INNOVATION) and 23 good practices related to Thematic Area 3 (ACTIVE CITIZENS).

During this year, two interregional workshops took place to develop this exchange of innovative experiences, Last September, in Santiago de Compostela, first of them launched the "OUTSIDE-IN Innovation" action group. And recently, this March, works of the second line action, "INSIDE-OUT Innovation" were started in Milan.

Besides, last January and February, *in situ* visits of study were organized in Galicia, Basque Country, Scotland and Lombardy letting to the partners of the project could look deeper those selected good practices defined in the first thematic area..

Next months, the second group of action kicked-off in Milan, related to the empowerment of the transfer of technologies from the health systems towards the outside, will continue working with new *in situ* visits and with the performing the third interregional workshop in the City of Almere from 29 to 31 of May.

## SECOND INTERREGIONAL WORKSHOP OUTSIDE-IN INNOVATION

Milan, 6-8 March 2017

The 6th of March, started the Second Interregional Workshop which took place in Milan. Upon arrival in Milan the TITTAN Team was welcomed. The Second Workshop was focused on outside-in technological innovation: facilitating the transfer of existing knowledge and technological developments in the private sector towards health systems. Particular emphasis was put on promoting methodologies of Innovative Public Procurement.

After the Workshop, the Action Group 2 will be established. Action Group 2 will be in charge of coordinating the In-Situ visits and exchange of experiences related to Thematic Area 2, as well as performing the Action 2 Report.

Coordinated by: FRRB & ACIS

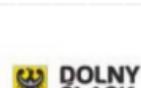

## NEXT STEPS

During the third semester, TITTAN Team will be able to carry out one-to-one In-Situ Visits between partners, in order to gain a deeper understanding of the good practices chosen by each region.

The Third Interregional Workshop, focused on Thematic Area 2, Inside-Out Innovation, will take place during the 29<sup>th</sup>, 30<sup>th</sup> and 31<sup>th</sup> in City of Almere, Netherlands.
