March 2017 – Nova Newsletter: SmartPilots: Survey of Users Experience and Expectations of shared pilot facilities

SmartPilots: Survey on Users Experience with and Exceptions of shared pilot

facilities

Results will be discussed at the Interregional Seminar on Indirect Support for Shared Pilot Facilities, 16 March, Centre for Process Innovation, UK

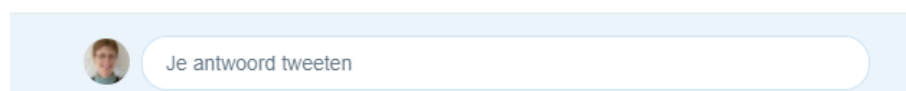

The SmartPilots project aims to improve policies in support of shared pilot facilities to increase their impact on the Key Enabling Technology Industrial Biotech and the European Bioeconomy. The results of this survey will be used to improve funding mechanisms for users of shared pilot facilities and better align funding mechanisms to the actual needs of users of shared pilot facilities

We invite all users, new-users and non-users to complete the survey and/or to attend the Interregional Seminar. Survey and more information [here](#).
