JUNI  
2006

## The second research and innovation agreement (2010-2014)

“the ten professorship program”

A photograph showing two women in industrial settings, both wearing white hard hats and safety glasses. The woman in the foreground is wearing a green high-visibility vest with 'Valmet' and 'Åsa Hallidin' printed on it. The woman in the background is wearing a dark blue shirt. They are smiling and looking at each other. In the top right corner of the photo, there is a circular stamp with the text 'VÄRMLAND' in the center, surrounded by 'VÄRMLANDSSTRATEGIEN' and '2015-2020 · EN DEL AV'.

STRATEGY DOCUMENT

**01**

Värmland's Research and Innovation Strategy for

**Smart Specialisation**  
**2015-2020**

Region Värmland

## INNOVATION

Entrepreneurs  
Partners  
Societal actors  
Business  
Researchers  
Students

## MARKET

Value-Creating Services

## RESEARCH

Forest-based  
bioeconomy

## PRIORITIES

Digitalisation of  
Welfare services

Nature, Culture and Place  
Based Digitalised Exp.

Advanced Manufacturing  
And Complex Systems

System Solutions  
With Photovoltaics

Gender Studies

## EDUCATION

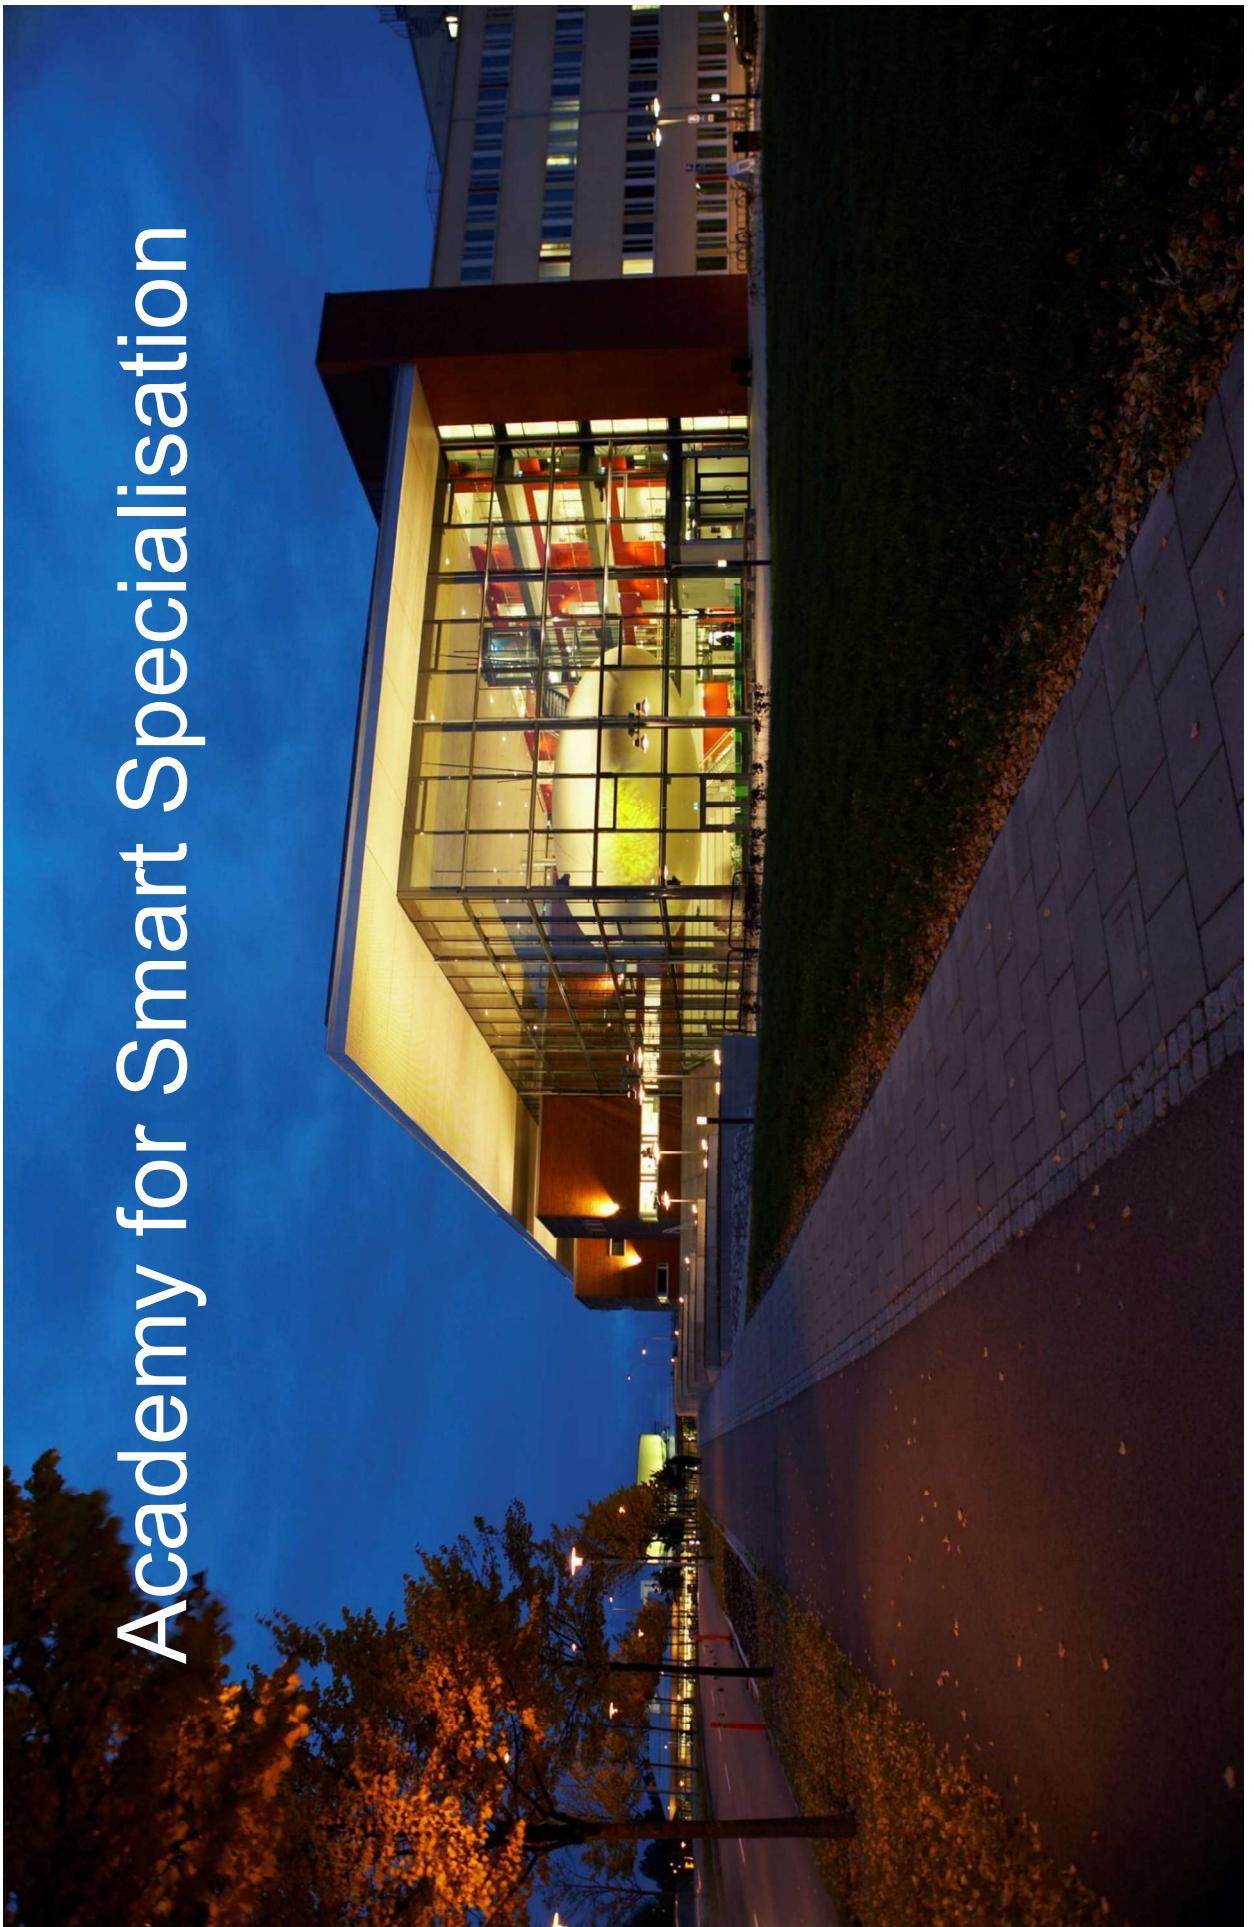

## BUSINESS STRUCTURE

## RESEARCH

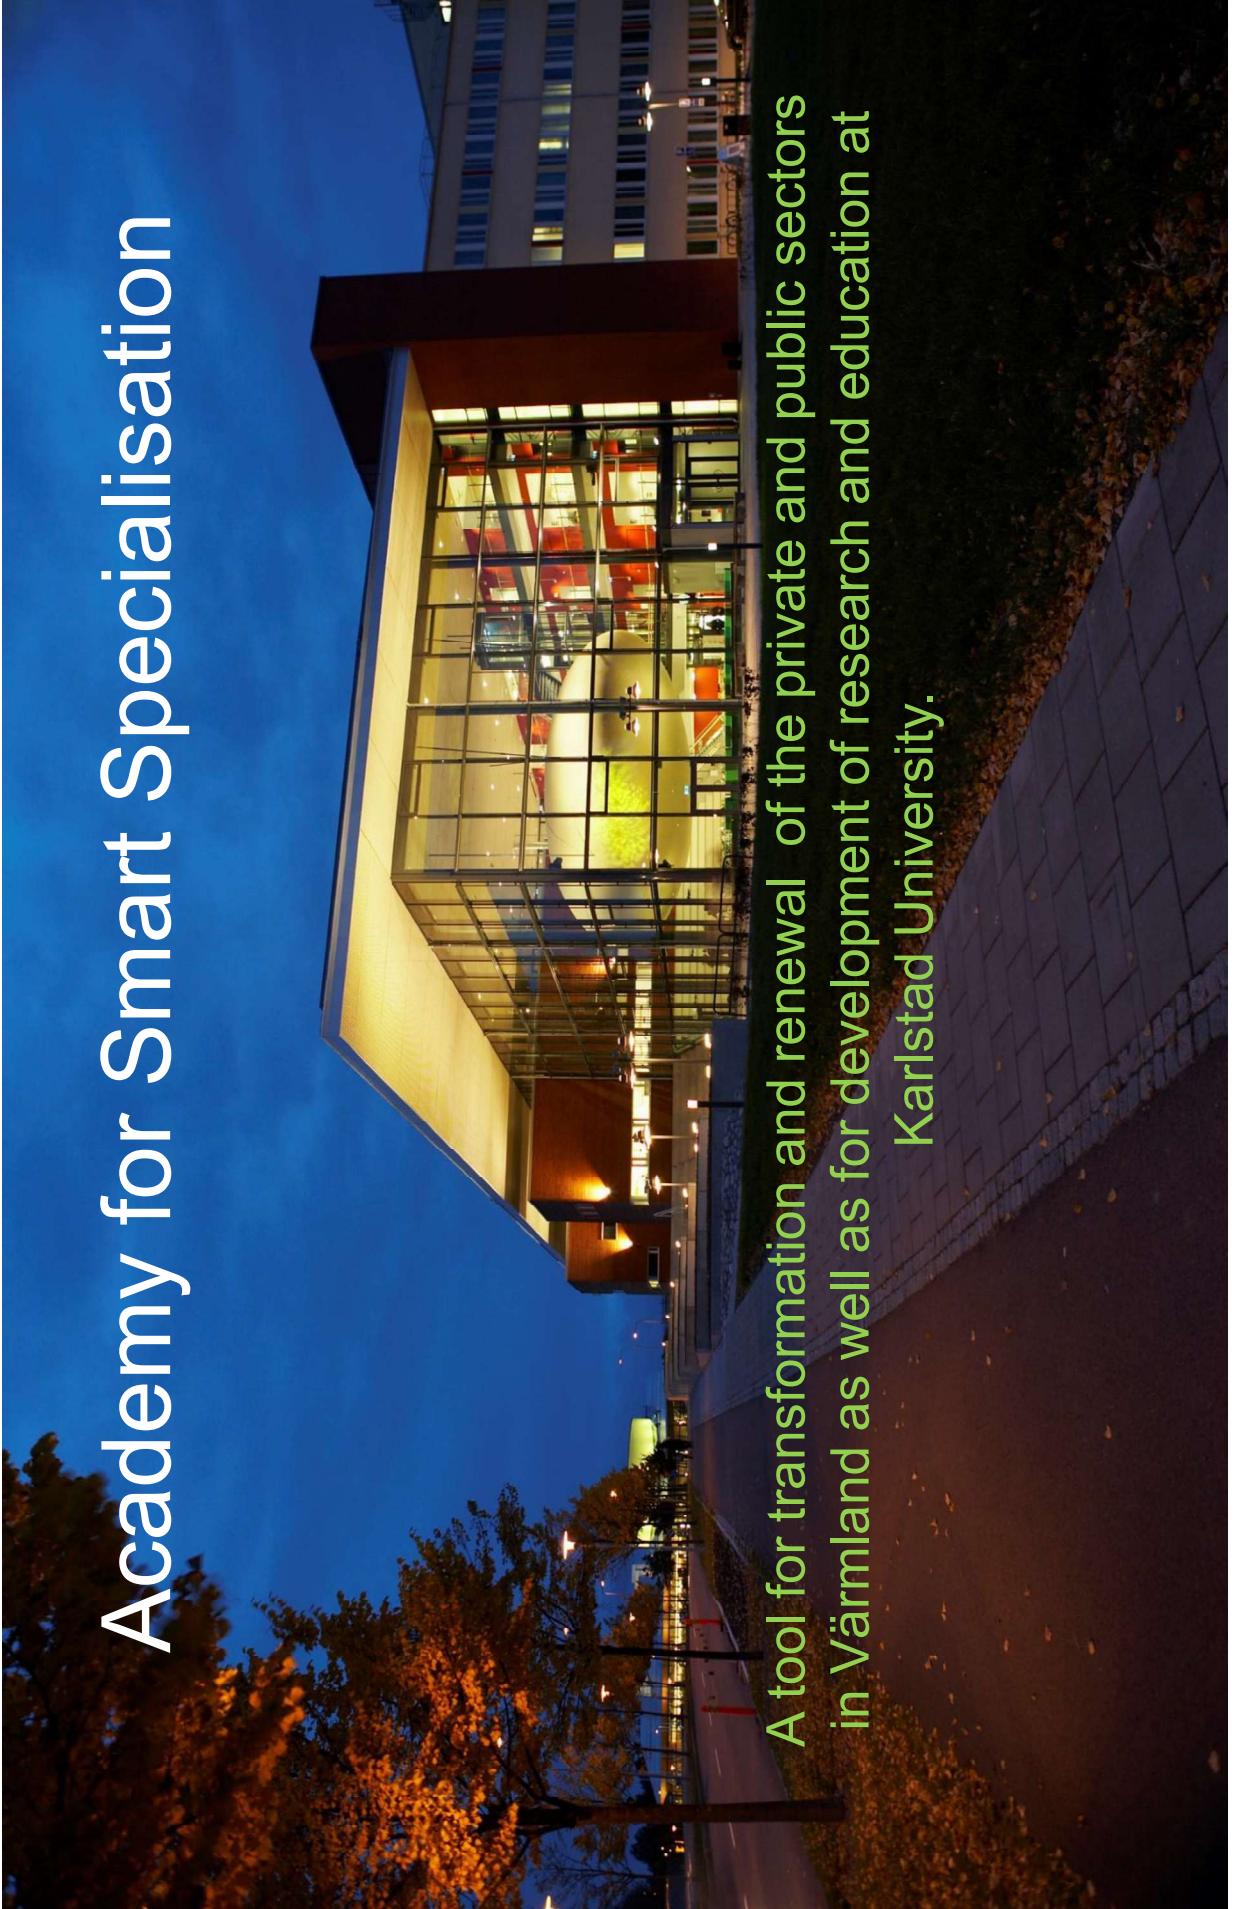

## PLATFORM

Steering, strategy, processes, meetings points, internationalisation, entrepreneurship, profiling & communication, GI-support, monitoring, evaluation, administration.

# Academy for Smart Specialisation

# Academy for Smart Specialisation

A tool for transformation and renewal of the private and public sectors  
in Värmland as well as for development of research and education at  
Karlstad University.

## Expectations on the research environment

- Strengthen innovation activities in companies
- Development of each research group and their research
- Collaboration between different research groups at the university where relevant
  - Applications to strengthen the collaboration
  - Efforts for undergraduate courses
  - Participation in the Academy's activities
  - Lobbying efforts

# Expectations of results

- Research and innovation projects
- Support for the supply of skills
- Development of research and education
- Competitiveness of companies and internationalisation
- National and international strategic cooperation
- Policy impact supporting the specialisations
- National and international attention

## Funding, Academy for Smart Specialisation 2016-2020

50 msek from Region Värmland

50 msek from Karlstad University

50 msek in third-party funding

Total: >150 msek

## **Since the start of the Academy for Smart Specialising (april-16)**

**Research and innovation projects established within  
all smart specialisations!**

**Projects established to a value of more than 83 msek!**

Thank you!
