# BIO4ECO and ROP 3.1. B

## AIM

- Improve ROP 2014-2020, P.I. 3.1 "Supporting energy efficiency, smart energy management and the use of energy from renewable sources in public infrastructures, including in public buildings, and in the housing sector.
- Ensure better implementation of RIS3 Centru – Sustainable Built Environment Priority and create the premises for cooperation between stakeholders, promote knowledge and GPs transfer

**Regional Development  
Agency Centru**

- Interdepartmental meetings
- Regional meetings

**REGIONAL  
STAKEHOLDER GROUP**

- Regional meetings,  
inter-regional  
meetings, debates  
and exchange of GPs  
and know-how

**Project Partners  
and their stakeholders**

- inter-regional meetings,  
debates and exchange  
of GPs and know-how

**Other organisations**

- inter-regional meetings &  
debates

# Results of BIO4ECO implementation

- GPs dissemination => Better quality of the projects submitted under ROP 3.1
- RDA Centru drafted **two letters containing** recommendations for improving ROP 2014-2020, PA 3.1 & **requested a redistribution of the existing funds** and the relaunch of a call for proposals under ROP 2014-2020, PI 3.1 => **a new call was launched**
- **Increased cooperation between regional stakeholders and with interregional organisations** => more involvement in drafting the future programming period ROP 2021/2027
- Increased budget allocated for EE ( proposed 91.6 mil Euro -ERDF) within ROP 2021/2027
