

BOOSTING ADVANCED MANUFACTURING IN EUROPE THROUGH INTERREGIONAL COOPERATION

Leire Bilbao. CEO of Basque Innovation Agency, Innobasque

European Union
European Regional
Development Fund

“

The Basque government has made significant effort to understand its economy and the factors of competitiveness. However, it has not sufficiently built up data for **programme, policy and strategy evaluations**.

This type of evaluation is a common weakness among OECD regions and member countries. However, given the large share of public funding (direct and indirect) of firm R&D, **such evaluations are particularly important in the Basque Country.**
