# What is an Action Plan?

- An action plan is a document providing details on how the lessons learnt from the cooperation will be implemented in order to improve the policy instrument/policy mix tackled within a given region.
- The document specifies the nature of the actions to be implemented, their timeframe, the players involved, the costs (if any) and funding sources (if any).
- Two phases:
  - 'Phase 1' is dedicated to interregional learning and to preparing the exploitation of the lessons learnt from the cooperation through the development of action plans. [Manumix 2017-2018]
  - 'Phase 2' is dedicated to monitoring the implementation of each action plan. When relevant, pilot actions may also be tested during this phase. [Manumix 2019-2020]
- Each region must have and Action Plan.
- Action Plans must be presented on 2018 Semester 4 (end of Phase 1).
