Make Lab – A mobile Industry4.0 infrastructure

The operator plays a central role

- △ Focussed on operator support
- △ Real life experience of Industry4.0 technologies
- △ Hybrid workplaces

Very low threshold for companies

- △ Easily accessible
- △ Instructions and specialists included

A man with dark hair and glasses, wearing a white button-down shirt, is smiling and holding the gripper of a KUKA robotic arm. The robotic arm is grey with orange and blue accents. It is positioned on a wooden table. In the background, there is a plain wall and a computer monitor is partially visible on the left. The text 'OPERATOR SUPPORT 4.0 LAB' is overlaid in white on a semi-transparent dark grey background.

OPERATOR SUPPORT 4.0 LAB

**A MOBILE INDUSTRY 4.0
INFRASTRUCTURE**

THANK YOU
