Beyond EDP Newsletter October 2016

[View this email in your browser](#)

Welcome to the first newsletter of Beyond EDP (Entrepreneurial Discovery Process). Beyond EDP is an Interreg project in which eleven partners address the core of the European innovation strategy, making it a key project for achieving the goal that Europe wishes to achieve by 2020: an economy based on smart, sustainable, and inclusive growth. We will do so in the next couple of years (April 2016 – March 2021), by sharing our knowledge and experiences in various ways.

This newsletter is one of the tools we use to stimulate relationships and cross-connections between European regions, as well as between businesses, knowledge institutes, and other stakeholders within the regions. It will appear twice a year and will be comprised of articles that are published on our website throughout the year. Our website (www.interregeurope.eu/beyondedp) is the heart of our communication, and provides you with up-to-date information about our project.

Please forward this newsletter in your network to relevant stakeholders, so that they can sign up for this newsletter as well.

Content:

- * Introduction to the Beyond EDP project
- * Report Beyond EDP Launch conference
- * SNN in the spotlight!
- * Beyond EDP members at the Smarter Conference
- * Entrepreneurial Discovery Process: An emerging approach

About Beyond EDP

The Beyond EDP project aims to strengthen the *entrepreneurial*

Introduction to the Beyond EDP project

How can we stimulate European businesses, knowledge institutes, and relevant partners to join forces to discover new ideas which could lead to innovation? That is the central question in Beyond EDP, a European Interreg project formed by eleven partners from nine countries. >> [Read more](#)

discovery process in Europe, boosting the Regional Innovation smart specialisation strategy (RIS3, in short) adopted by Europe in 2014.
