

Dear readers, welcome to the third “InnoBridge” project Newsletter!

The project does not stop and has continued with peer reviews, study visits, stakeholders meetings and much more! With this newsletter you will be able to learn more about main findings of peer reviews of the regions of Tampere (Finland) and Castilla y León (Spain) as well as the study visit carried out in Tampere.

Enjoy the reading!

Outlook on next activities.

6th Interregional Learning Workshop will be hosted by FUESCYL in the city of Valladolid (Castilla y León, Spain) on the 14th–16th November 2017 with the first capacity building workshop of InnoBridge project. During the learning workshop the participants can build their capacities on Good Practices identified in InnoBridge and on other day the project partners can take part in the first workshop which aims to facilitate their knowledge on own Regional Action Plan development. Facilitation workshops are for all partners and participating stakeholders a great opportunity to learn more about the partners’ territorial context related to the addressed policy instruments when talking about the ideas and measures for improvement of the policy instrument.

Host partner will organize a study visit to provide better understanding on its Good Practices and targeted policy instrument for the participants.
