

Welcome to the fourth InnoBridge Newsletter!

During past months, project partners have continued sharing their experiences in converting R&D results into commercial success and, especially, during the 5<sup>th</sup> and 6<sup>th</sup> Interregional Learning Workshops (ILW), hosted by Pannon Novum and FUESCYL, respectively. The 5<sup>th</sup> ILW took place in Győr (Hungary) and was mainly focused on the Peer Review Workshops for Autonomous Province of Bolzano-South Tyrol (Italy) and West Transdanubia (Hungary), the pre-selection of their Good Practices, the lessons learnt from all Peer Reviews and the Study Visit. The 6<sup>th</sup> ILW, held in Valladolid (Spain), focused on the Capacity Building Workshop on Good Practices, the 1<sup>st</sup> Action Plan Facilitation Workshop and the Study Visit linked to Castilla y León.

Get ready to know more about the main findings of the Peer Review Workshops as well as the Study Visit held during 5<sup>th</sup> ILW in Győr (Hungary).
