TAKE ACTION

The activities were focused on 3 main phases:

- Awareness
- Acquisition
- Transformation

businesses

new knowledge

new knowledge = appropriate supplier + best-fit innovation needs + properly transformed and adapted + integrated into existing business know-how and skillsets

STEPS OF PROJECT ACTIVITIES

| Seminars | Workshops | Feedback acquistion | Analysis |

A minimum of 10 companies from our region had to participate

+

Other external parties that are interested in the outcomes of the activities

We are proud that we as a very small region at the end managed to gather 20 companies

GREAT JOB!
