About our Project

LOCAL4GREEN is a project funded under the European Commission's Programme for interregional cooperation in Mediterranean countries, **Interreg MED**.

The project's is co-financed by the **European Regional Development Fund (ERDF)** and by the **Instrument of Pre-Accession (IPA)**.

LOCAL4GREEN will support Local Authorities to define and implement **innovative local fiscal policies**, intended to **promote renewable energy sources** both in the public and private sector and households, mainly in the framework of the Sustainable Energy Action Plans adopted by signatory Local Authorities of the Covenant of Mayors.

The project will be developed in **rural areas and islands of MED regions**, where **local fiscal policies have a key role in increasing renewable energy sources**.

Activities

- *Development of a common participatory methodology*
- *Continuous technical support to the 60 pilot Municipalities will be supported and monitored*
- *1 online platform containing pilots results*

Pilot activities implementation

Getting ready for change!

- 1 International Handbook containing a comparative study of different national regulations
- 9 National Handbooks on green local fiscal policies models
- 20 National and International events
- 1 workshop at the European Week of Region and Cities
- Lobby meetings with the Covenant of mayors

Pilots transferring

Beware: challenges ahead!

Promoting local fiscal policies for a sustainable Europe

RESULTS

Interreg 
Mediterranean

 **LOCAL4GREEN**

60 Municipalities with implemented local fiscal policies.

18 permanent advisory and technical assistance service groups.

9 regions with a range of local fiscal policies tested and implemented.

60 Best Practices coming from the pilot Municipalities will be transferred at interregional level.

Project co-financed by the European Regional Development Fund
