# Integrated and Sustainable Transport in Efficient Network - ISTEN

The ISTEN project aims to improve intermodal connections from Adriatic-Ionian ports to the hinterland, in particular by supporting rail freight flows and last-mile connections.

#### Specific objectives:

- Create a transnational cooperation network to boost innovation and establish a durable cooperation among ADRION ports and intermodal terminals
- Define a common approach and governance model for ADRION integrated hubs
- Enhance the competitiveness and environmental sustainability of freight logistics flows across the ADRION area

#### Expected results:

- Improved knowledge on the current bottlenecks towards an integrated hubs network in the ADRION area
- Strengthened cooperation among port and inland infrastructures at local/hub and transnational/network level
- Enhanced capacity in planning and organizing intermodal services

The ISTEN project is supported by the Interreg ADRION Programme funded under the European Regional Development Fund and IPA II fund.

Project budget in EUR 1,332,000

ERDF and IPA II funding in EUR 920,550 (ERDF) 211,650 (IPA II)

Project duration 01/12/2017 - 30/11/2019
