

STEPPING

Supporting The EPC Public Procurement IN Going-beyond

Project
budget:
1,94 M €

ERDF:
1,94 M €

Project
duration:
30 months

Are Energy Performance Contracts (EPC) always the best solution of energy efficiency plans of public buildings in the MED area? How to increase their diffusion?

STEPPING project aims to increase the adoption of EPC investment schemes in the elaboration of Energy efficiency plans for public building in the MED area, raising the knowledge of MED institutions in designing, implementation and managing of energy efficiency plans for public buildings.

Together, **STEP UP TO ENERGY EFFICIENCY!**
