CESBA MED Newsletter 2/2018

CESBA - A movement towards a harmonization of sustainable built environment assessments throughout Europe!

CESBA Neighborhood Award 2018 part of the SBE URBAN CHALLENGE

SBE Urban Challenge is a global process to develop an assessment system for rating the sustainability of urban areas.

CESBA MED organizes the CESBA Neighborhood Award 2018. With FEDARENE, iiSBE and SBE 20 the CESBA Neighborhood Award could gain new additional partners for the Award, more partners are very welcome.

The official launch will be in Barcelona on June 12th, opened by UNEP and Covenant of Mayors.

The Award will deliver an overview on exemplary neighborhoods in Europe, improve the quality of life for inhabitants, minimise negative impacts on climate and resources as well as capitalize key performance indicators on the CESBA SN-Tool (Sustainable Neighborhood Tool). 5th CESBA Sprint Workshop 2018 in Malta/Gozo

Level(s) – a common language for sustainable buildings

From the beginning CESBA MED SN-Tool was developed with the Level(s) initiative with the DG Environment and DG Growth. In April the guideline for the test of Level(s) has been published by DG Environment.

Level(s), Europe's common framework for sustainable buildings, has now published a registration site for testers of Level(s). This site can be accessed via the Level(s) webpage. <http://ec.europa.eu/environment/eussd/buildings.htm>

CESBA MED participating in MADE in MED, Rome, 18th – 19th April 2018

CESBA MED presented among many others its project at the midterm event in Rome "Crafting the future Mediterranean". Climate change, blue economy and inclusive growth was on the spotlight of this conference. The focus at the CESBA MED stand was on the 5th CESBA Sprint Workshop as well as on the Neighborhood Award

WORKSHOP Gozo / MALTA

3 days of exchange from Nov 14th – 16th for people who like to network and develop common projects. Latest challenges in the built environment, policy implementation and participation, usage and adaptations of tools and indicators, pooling resources as well as energy renovation in buildings are discussed. The event is now open for registration on: cesba-med.interreg-med.eu/index.php?id=8460
