CESBA MED Newsletter 4/2018

CESBA - A movement towards a harmonization of sustainable built environment assessments throughout Europe!

News from Auvergne-Rhône-Alpes Énergie Environnement

The feelings of inhabitants and environmental quality criteria in Lyon

On July 2nd AURA-EE organized an event in collaboration with the University of Lyon 2, the local energy and climate agency of Greater Lyon, the SERL (equipment and urban developer company) and the psychosocial consultant SCOPE(s). The results of SCOPE's study with the inhabitants of the "Bon Lait" district to analyze the correlation between what it is felt by the inhabitants and the environmental quality criteria, at the level of the flat, building but also district, were presented, focusing on what were the lessons learnt from this study.

News from Government of Catalonia

CESBA Neighborhood Award 2018 presented in Barcelona

The CESBA Neighborhood Award 2018 was presented on June 12th in Barcelona during the conference "Policies, methods and tools for sustainable urban areas", hosted by the Ministry of Territory and Sustainability of the Government of Catalonia. Josep Casas i Miralles, Deputy Director of Architecture, Housing Planning and Urban Improvement introduced the event and Guido Montanari, Deputy Mayor of Torino, explained in a video intervention how they are working to achieve the city's sustainability goals. European policies and methods and tools were the topics tackled by the different speakers, coming from the political, technical

News from National Observatory of Athens

CESBA MED at an International Conference "Investing in Energy Efficiency" in Athens

On May 24th NOA participated at the International Conference "Investing in Energy Efficiency" organized by the Institute of Energy Efficiency for South-East Europe (IENE). The presentation provided the CESBA MED method and the tools that are being developed, focusing on the current Hellenic version and the pilot testing under implementation. With more than 100 participants from Greece and other European countries the conference helped to highlight the serious challenges and opportunities that are now being created in the field of energy efficiency especially in the building and industrial sector".

News from Municipality of Udine

Getting people involved!

On May 15th Municipality of Udine scheduled a "Walking around the Neighborhood" initiative. It was a 5 stop transect walk in the project pilot district, managed by a communication expert and targeting people living and working in the neighborhood. The purpose was finding out the major features of the district itself and exploring the neighborhood real and perceived conditions by observing, asking, listening

and academics fields. Finally the CESBA Neighbourhood Award 2018 was launched. The Award is open to different urban areas all over Europe. The application period is now open and the Award ceremony will take place in May 2019 in Scilla, Italy (www.cesba.eu/neighborhood-award)
