

TAKING  
**COOPERATION**  
FORWARD

TEACHER-CE Final Conference  
2 February 2022

## TEACHER-CE Project

Barbara Cencur Curk

University of Ljubljana, Faculty of Natural Sciences and Engineering, Department of Geology

## joint Efforts to increase water management Adaptation to climate CHanges in central EuRope

- Priority:** Cooperating on natural and cultural resources for sustainable growth in CENTRAL EUROPE
- Programme objective:** To improve integrated environmental management capacities for the protection and sustainable use of natural heritage and resources
- Duration:** 1.3.2020 - 28.2.2022
- Partners:** 12 partners and 18 APs from 8 countries
- Total budget:** 1.316.180 €

# SYNERGY OF PROJECTS

## → DIRECT EXPLOITATION OF RESULTS

### 4th Interreg CE call – capitalising CE and other EU projects

#### Topic: V. Climate change adaptation and risk prevention

#### Heavy rain related risks

RAINMAN toolbox - guidance on heavy rain risk assessment and mapping and heavy rain risk mitigation measures

#### Flood and drought mitigation

FroGis and DSS (FramWat) tools floods, droughts and pollution mitigation & flood protection mechanism on a river basin

#### Climate change and forest management

SusSelect app - Forest vulnerability to CC - assessment tool and seed transfer models

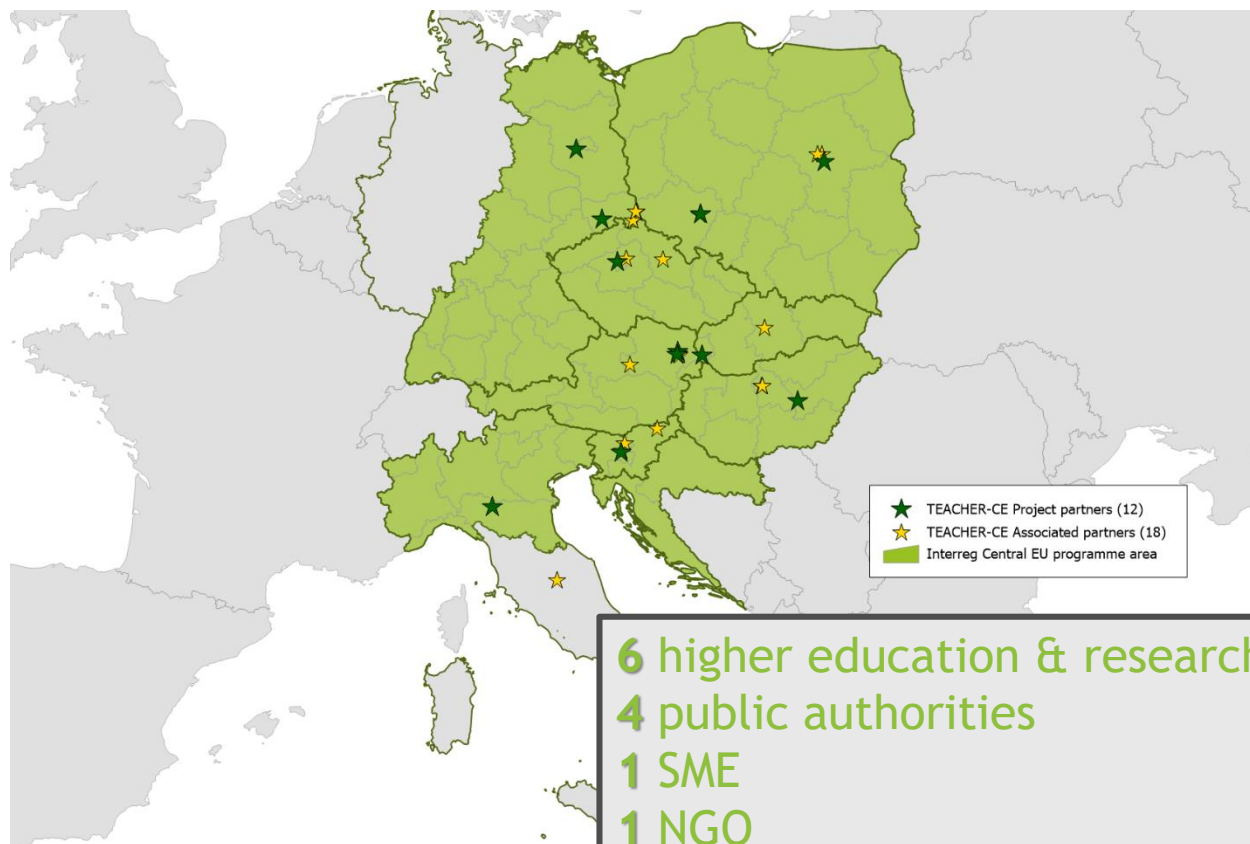

#### Climate change and (drinking) water resources management

GOWARE toolbox and strategy development - Drinking water sources protection with interaction to floods and CC

& OTHER PROJECTS: H2020 Fairway, DriDanube, CAMARO-D, JOINTISZA,...

# PROJECT PARTNERS and ASSOCIATED PARTNERS (APs)

6 higher education & research  
 4 public authorities  
 1 SME  
 1 NGO

12 project partners

8 countries

18 associate partners

Project Partners		
LP/PP1	UL	
PP2	LfULG	
PP3	IU	
PP4	WULS-SGGW	
PP5	CMCC	
PP6	BOKU	
PP7	BFW	
PP8	GWP CEE	
PP9	MTDWD	
PP10	AdBPo	
PP11	IMGW-PIB	
PP12	CULS	

# PROJECT GOALS

## Toolbox for climate-proof management of water related issues

- floods/heavy rain risk prevention
- drought risk prevention
- protection of water resources through sustainable land-use management

### MAIN OBJECTIVE

- Development of a toolbox for strategies and measures for CC adaptation and prevention of related risks
- CC adaptation and risk prevention through intense **interactive stakeholders' involvement** on national, regional and local level
- **interaction with target groups when downstreaming innovative tools and strategies for water management adaptation to CC and prevention / reduction of related risks in CE**

### SPECIFIC OBJECTIVES

 Climate change and (drinking) Water Resources management

 Climate Change and Forest Management

 Heavy rain related risks

 Flood and Drought mitigation

12 Project Partners  
Activation of synergies of existing tools with stakeholder involvement  
9 Pilot Actions

Integrated Toolbox & Strategy for water management planning processes 

# TEACHER-CE WORK PROCESS - WPT1

Tools

Trainings

## T1

EXPLOITATION:  
concept of CE  
tools integration

- **Concept for integration of exploited tools for climate change adaptation and risk prevention**
- **National start-up stakeholder workshops (stakeholder needs and demands for the toolbox)**

**INTEGRATION**

## T2

INTEGRATION: CC-  
ARP-CE Toolbox for  
climate change  
adaptation and risk  
prevention in CE

**FEEDBACK**

## T3

IMPLEMENTATION and  
FEEDBACK - toolbox  
verification

**IMPLEMENTATION**

**VERIFICATION**

**VISION**

## T4

JOINT STRATEGY  
defining potential  
commitments in  
improvement of  
planning process  
considering CC

TAKING COOPERATION FORWARD

# TEACHER-CE - WPT2 & WPT3

➤ **CC-ARP-CE Integrated toolbox for Climate Change Adaptation and Risk Prevention**

➤ **National stakeholder training workshops for integrated toolbox testing**

  
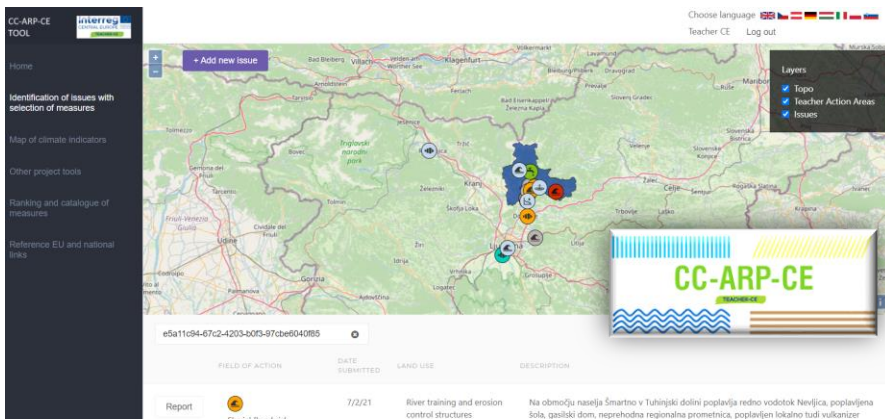

**9 Pilot Actions Testing**

**Trainings**

**Pilot Actions**

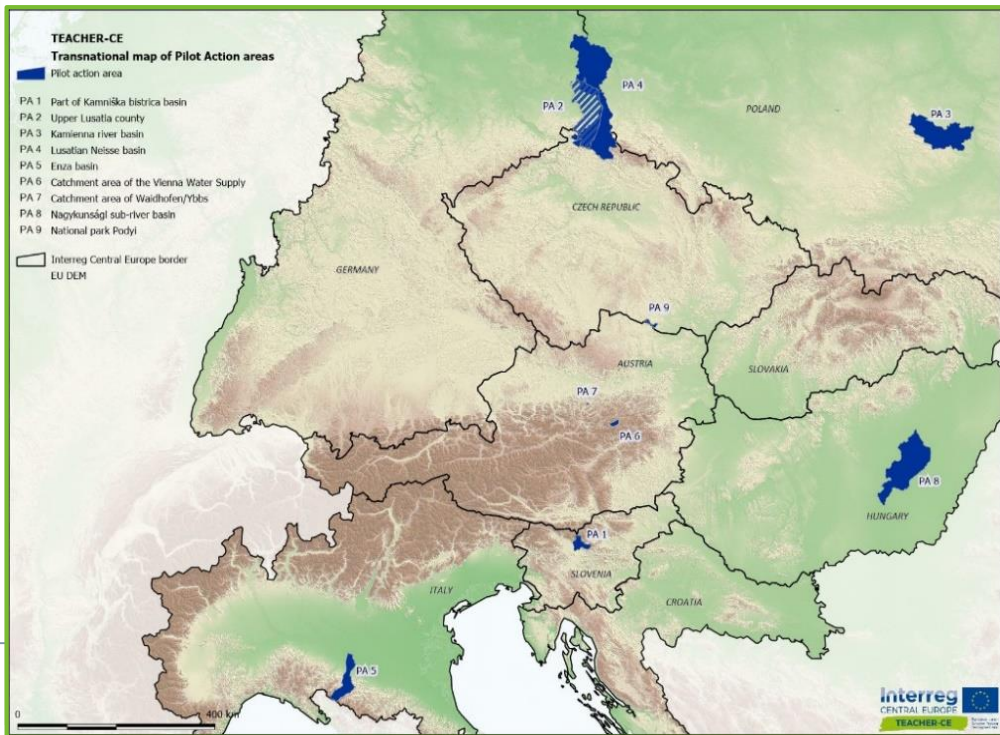

**T2**  
**INTEGRATION**  
CC-ARP-CE Toolbox for climate change adaptation and risk prevention in CE

**FEEDBACK**

**T3**  
**IMPLEMENTATION & FEEDBACK**  
toolbox verification

**IMPLEMENTATION**  
**VERIFICATION**

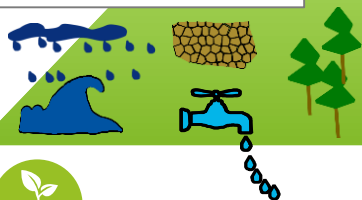

## TEACHER-CE Toolbox & STRATEGIES

8 Countries

- Action plan for implementation of the TEACHER toolbox CC-ARP-CE
- Strategy for water management planning processes including climate change adaptation and risk prevention
