QUESTIONNAIRE

1. Which is the role of your organization on energy efficiency issues?

Development Agency Žepče has a proactive role within the framework of the established strategic development plans with other actors of local economic development to create a favorable environment and better living conditions for the inhabitants of the municipality of Žepče. Our organization and our employees have been a partner to many other organizations who have implemented projects with the topic of energy efficiency and energy management. We are largely familiar with those types of projects, and we were able to provide assistance to the mentioned organizations while implementing those kinds of projects. We have also organized various courses, seminars and workshops in cooperation with other organizations on the topics of Energy Efficiency.

2. How feasible is the nZEB renovation of schools in your country?

(scale from 1 to 5, min to max)

1	2	3	4	5
		√
