QUESTIONNAIRE

1. Which is the role of your organization on energy efficiency issues?

Our organization is from the NGO sector and we focus on preserving the environment and increasing awareness on energy efficiency of the public in general, especially students of elementary schools them being the focus of our projects. We have participated in organizing Energy days in Zenica. We write and implement various projects concerning saving energy and getting the mindset of the students concerning energy efficiency to a higher level, which gives us an important role to play concerning energy efficiency measures and environmental issues.

2. How feasible is the nZEB renovation of schools in your country?

(scale from 1 to 5, min to max)

1	2	3	4	5
		√		

3. How could you characterize your country level on energy efficiency issues in school buildings?

☐ Low
 ☒ Neither low nor high
 ☐ Sufficient
 ☐ High
 ☐ Too High

4. Which are the relevant policy recommendations developed during 2018? (Please mention the search links)

Relevant policy recommendations developed during 2018 in Bosnia and Herzegovina are as follows:

- Energy efficiency Action plan of Federation of Bosnia and Herzegovina for the period of 2016-2018 (http://www.fmeri.gov.ba/media/1245/apee_fbih_2016-2018.pdf)

- Energy efficiency Action plan of Republika Srpska until the end of 2018
(http://ekofondrs.org/sadrzaj/dokumenti/ee/ap_ee_rs_do_2018.pdf)

5. Which are the available financial options for nZEB renovation of schools?

Many financial options for nZEB renovation of schools exist in Bosnia and Herzegovina and can be done through projects, credits, loans and subventions from many types of organizations.
