

TEESCHOOLS WAS PRESENTED ON AN HORIZON 2020 PROJECT EVENT

The Centre of Renewable and Sources & the Municipality of Dionisos successfully organised the 3rd regional PUBLEnEf (H2020) event which was welcomed by the Mayor, Mr. Dionisios Zamanis, who underlined that the current circumstances require finding ways of replacing traditional energy practices at national, regional and local level.

During the event, PUBLEnEf's results were presented by CRES project manager, the Deputy Mayor of Vari Voula Vouliagmeni Municipality, Mr. Vassilios Papamichail, who informed about energy conservation actions in the municipality focusing on energy efficiency in public lighting project.

Finally, Mr. George Pappous, the General Manager of EGTC Efxini Poli presented the Interreg MED projects in which EGTC participates in, included the Teeschools project. On the other hand, Mr. Lefteris Yakoumelos, from CRES training Department, presented the PEGASUS project and the promotion of efficient production and sustainable use of electricity.

The event was attended by 50 people and among them were Deputy Mayors of the Municipality of Dionisos, municipal councilors, Deputy Mayors and Municipal staff from nearby Municipalities as well as representatives of local associations and citizens.
