INNOBLUEGROWTH CAPITALIZATION EVENT MARSEILLE, OCTOBER, 11TH - 12TH

The theme chosen for the First Capitalization event organized by IBG is yachting, for sustaining the efforts made by iBLUE partnership, aiming to contribute to the sustainable relaunch of yachting sector by using a new methodology and by integrating the sustainable pillars in the concept of business model innovation.

RESULTS OF THE WORKSHOP

Thanks to the workshop, iBLUE project team could exploit the starting knowledge resulting from other projects working on the issue of yachting for the benefit of Mediterranean stakeholders. It was also possible to meet experts on yachting sector for peer-reviewing and to exchange innovation best practices in yachting sector.

The audience was mostly composed by entrepreneurs from supply chain, multipliers such as journalists, regional agencies, etc., decision-makers, end-users and stakeholders in the yachting sector and Interreg programme bodies.

Elisabetta Ocello, coordinator of iBLUE from Università degli Studi di Udine presented iBLUE and then Katia Richomme Huet from Kedge Business School explained the progress of WP3 – Studying.
