duration

+RESILIENT puts together a 4-helix partnership of eight MED countries to tackle the need for innovation conducive to increased socially responsive competitiveness of SMEs & stimulate new jobs, especially for companies operating in the social economy.

The overall objective is to positively influence, adapt/change the different structural elements of policy governing "clusters with high social vocation and responsiveness" (SVRC) by leveraging on innovation dynamics led by technology, open data & successful models with social relevance & impact, creating socially-responsive value chains at a transnational level.
