Aim/role with respect to the transfer process

Die BA Bautzen ist als tertiäre Ausbildungseinrichtung Anbieter von dualen Studiengängen an der Schnittstelle von Wissenschaft und praktischer Anwendung. Durch den ständigen beidseitigen Transfer als Organisationsmerkmal der dualen Studienform leben diesen alle Beteiligten (Unternehmen, Studierende und Lehrkräfte) ständig. Auf diesem Wege ist für Lehrende der aktuelle anwendungsbezogene Wissensbedarf der Praxispartner Richtschnur wie auch die Aufnahme und Anwendung theoretischen Inputs Chance und Bedarf für die Unternehmen.

As tertiary institution of education the Bautzen University of Cooperative Education (BA Bautzen) is provider of cooperative study programmes at the interface of science and practice. Through the permanent bi-directional transfer as one main feature of the cooperative study model all partners (enterprises, students and lecturers) contribute to the success of this model. For lecturers, the application-oriented demand of knowledge of the partners and the usage of theoretical knowledge serves as guide.

Main area with respect to the key topics

- duales Studienangebot auf Bachelor-Niveau in 6 Studienrichtungen orientiert am Bedarf der vor allem regionalen Wirtschaft und anderer Organisationen und Einrichtungen
- cooperative education on the bachelor degree in 6 different fields of studies, oriented on the needs of the regional economy and other organizations and institutions.
- Bearbeitung und Begleitung von Praxisherausforderungen durch wissenschaftliche Arbeiten und teilweise damit verknüpfte Beratungsleistungen durch die Lehrkräfte der BA
- processing and supporting of practical challenges through scientific papers, which is sometimes combined with advisory services of the lecturers of BA Bautzen.
