

## GENERAL INFORMATION

Managing director	Mr. Richard Šulko
Country	Czech Republic
Street	Plachtin 57
Zip-code	CZ-33162
City/town	Nečtiny/Czech republic
Telephone	+420 734 253 364
URL	<a href="http://www.rsconsult.cz">www.rsconsult.cz</a> <a href="https://www.facebook.com/rsconsult.cz/">www.facebook.com/rsconsult.cz/</a>
Year of foundation	2016
Aim/role with respect to the transfer process	Knowledge of technology transfer between re- search organisation and OEM´s.
Main area	<i>engineering, Mandatory input</i>
Who is the main contact person for transfer in your institution?	
Name:	Mr. Richard Šulko
Telephone:	+420 734 253 364
E mail:	<a href="mailto:Info@rsconsult.cz">Info@rsconsult.cz</a>

## OFFERED TRANSFER ACTIVITIES

services in terms of the identification and description of innovative and economically applicable ideas

- identification of current research results in research institutions, universities (*e.g. using technology scouting*)  
Engineering
- foster scientists in the description of the exploitable idea, focussed on its application in enterprises  
6 years experiences, 20 years experiences with innovations with engineering plastics
- technology assessment according to technical, legal and economical aspects (*such as technology maturity level, patentability, standard conformity, necessary licensing procedures*)  
Technical scoring

services in terms of the dissemination of innovative and economically applicable ideas

*publish and disseminate*

- user-oriented descriptions of the idea (technology

### *publication modes and media*

- data-bases, online platforms, websites introducing innovative ideas Internet, Facebook
- newsletters/RSS: Mailingactions
- brokerage events (events bringing together developers and potential users)/ meetings introducing economically applicable research results
- demonstrators  
Acquisitions the most important and most often

### services to bring together parties that could be relevant for the application of new ideas and technologies implementation of visits in research institutes or enterprises

- sub-sequential evaluation of discussions between technology suppliers (similar to licensors) and technology users (similar to licensees), such as *finding out whether the partners can go on discussing the technology/ results independently or need additional support*
- organisation of topic-specific workshops, fairs or similar activities in order to foster special ideas  
Fairs are the second most important actions after acquisitions.

### services in terms of the preparation of economic exploitation of an (innovative and economically applicable) idea/ technology

- contract research (e.g. initiating, bringing together the potentially exchanging parties, project management)
- consulting on technical issues in order to support the final implementation of new technologies or processes in enterprises
- consulting to find out and make use of the resources required for the final implementation of new technologies or processes in enterprises

### services of the economic exploitation of innovative and economically applicable ideas

- supporting implementation of spin-offs based on innovative ideas/ technologies

### services in terms of collective advancement of innovative and economically applicable ideas resp. research fields

- support to the establishment of students' projects and looking after the students' work in the form of preliminary studies aimed at: the preparation of the implementation of innovative ideas/ new technologies in enterprises; the application of scientific results to tackle with practical problems in enterprises; the detection of deficits and bottlenecks that could make the application of new ideas and technologies in the enterprises difficult  
20 years experiences, inclusive using new materials (engineering plastics)

## GEOGRAPHICAL RANGE OF TRANSFER ACTIVITIES AND SERVICES

- regional

- national
- cross-border (PL ↔ CZ; PL ↔ GE; CZ ↔ GE) German as a second native language
- European-wide

## TARGET GROUPS

### kind of organisations

- organisations offering or developing innovative ideas/ new technologies and organisations demanding for innovative ideas or new technologies
- 20 years practice in innovations

### businesses of target groups Manufacturing

- Construction
- Transportation and storage
- Administrative and support service activities

### Number of employees of target group organisation(s) 10 - 99

- 100 - 499
- >499
