

LOW CARBON CITIES AND REGIONS

Results from **more than 4 000 surveys** to different commercial activities:

On average **65 000** commercial vehicles circulate in the 7 FUAs daily

mostly light trucks and vans

h8-10

delivering several times a week, or even daily (60%) mostly in the morning (85%)

8 out of 10 vehicles have standards below EURO6

! but they will have to become more environmentally friendly

MAIN POLICY ISSUES TO BE ADDRESSED
