

Territorial Kick-off event in Oradea, Bihor County

DATE: 30th of October 2018

PLACE: Oradea, Bihor County, Romania

On the 30th of October 2018 in Oradea, the largest city in Bihor County, Romania took place the launching event of InnoSchool Project on behalf of The European Center for Socio Professional Integration ACTA and Center for Resources and Educational Assistance of Bihor County.

Mihaela Popovici, president of ACTA Center and Simina Maria Miko, director of Center for Resources and Educational Assistance of Bihor County opened the conference by presenting the steps in developing, piloting and implementing InnoSchool Learning System in our country. Also, the impact of the project on the improvement of national curriculum was highlighted, tackling entrepreneurial culture and competences.

More than 30 participants took part in our event and demonstrated an active involvement in the debate topic: "Engagement and development of entrepreneurial spirit in high school students by using an innovative Learning System".

Among our guests we can mention school directors and inspectors, representatives of Oradea City Hall and Bihor County Council, teachers, students, entrepreneurs, media representatives, school counselors and so on.

Our project initiative was highly appreciated and raised awareness for involvement in advisory group and piloting phase.
