Regional Law No 19 repeals Regional Law No 30 of 17 December 1985 (Norme per l'incremento e la tutela dell'apicoltura). The Autonomous Region of Sardinia (Regione Autonoma della Sardegna (RAS) recognises beekeeping as an agricultural activity of regional interest for the conservation of the natural environment and the sustainable development of agricultural production as it contributes to ensuring natural pollination and environmental biodiversity. To this end the Region regulates, protects and enhances beekeeping and promotes the preservation of bee species, with particular reference to the Italian bee breed ( <i>Apis mellifera ligustica</i> Spinola) and typical native bee populations. The RAS, following a specific call for applications and in compliance with the European rules on State aid set out in Articles 107 and 108 of the Treaty on	The last year to be financed is 2019 with € 1,000,000 from funds made available by Regional Council resolution no. 55/29 of 13.11.2018 for the three-year period 2018/2020.
