Update on the 2nd call for research services

Baltic TRAM's 2nd call for research services is almost 2/3 of the way through, with a total of 15 companies having applied. The diversity of sectors represented amongst the applicants in the 1st call is likewise repeated in this call, with beauty & personal care companies being particularly visible.

Helsinki meeting

On 23 January 2018, Baltic TRAM project organized a collaborative workshop to discuss and develop the business model of the Industrial Research Centre (IReC) Network and to reach a common understanding of the strategic corner stones of the forthcoming network collaboration. The aim of the IReC Network is to foster science-business collaboration and link the local markets together with a transnational pool of analytical research facilities in the Baltic Sea Region.
