Apply Now!

Baltic TRAM is in the midst of its first [open call](#), continually reviewing applications from companies, looking to access free analytical research. We are in dialogue with companies to receive technical and scientific expertise to help solve their challenges associated with developing new products or services.

Watch this short video to find out what it is all about and how to apply.

Baltic TRAM predecessor among finalists for RegioStars Awards 2017

The Interreg Baltic Sea Region project Science Link, Baltic TRAM's predecessor, is nominated for the RegioStars Awards 2017 as one of Europe's most inspiring and innovative regional projects. Science Link provides European enterprises, in particular SMEs, with better access to large scale, high-tech research infrastructures, such as Maxlab in Sweden or DESY in Germany.
